

THAW DENIED FREEDOM IN NEW HAMPSHIRE; HELD IN N. Y.

New York, March 16.—Thaw will not be sent back to New Hampshire by the state of New York as his counsel demanded, but must be returned to state prison, unless legal papers calling for his detention in New York county are served upon the warden of Toms River. Such was Supreme Court Justice Ruge's decision today in disposing of the formal motion to have Thaw returned to New Hampshire. In the meantime, counsel for Thaw, as if in anticipation of just such a decision, had obtained from Supreme Court Justice Byrne a writ of habeas corpus which will keep Thaw in Toms River prison until Friday, when he must be produced in court. It was a close call for Thaw as plans had been considered by the state for returning him at once to his long-time residence in the hospital for the criminal insane, asylum attendants were in the courtroom, ready to rush him there by automobile the moment a dispatch to the Evening Hampshire was denied. But the writ of habeas corpus which had been served half an hour before on Warden Hanley of Toms River, prevented this. Sheriff Took Steps To Stop Rumored Abduction. Sheriff Griffenhagen of New York county, had heard whisperings of a plot to abduct Thaw during the brief interval when he should be out of Warden Hanley's custody in going to and from the prison to the court room across the Bridge of Sighs. Accordingly the sheriff armed twenty deputies with revolvers and scattered them throughout the crowd that packed the court room. Many more deputies were sprinkled among the crowds in the corridors. "I am taking no chances," the sheriff said. "I am well healed for an abduction."

PRAYERS FOR PEACE MARK LAUNCHING OF THE WORLD'S GREATEST MARINE FIGHTER

COMMANDER OF GERMAN CRUISER IS HONORED

Newport News, Va., March 16.—The new dreadnaught Pennsylvania was successfully launched here this morning shortly after 10 o'clock. The largest engine of naval warfare in the world slid down the ways while a prayer was uttered that she might be a messenger of peace rather than a weapon of destruction. Christened by Miss Elizabeth Kelly, of Germantown, Pa., as Secretary Daniels gave a signal, the monster slid into the James river and the swell tossed the German converted cruiser Prinz Eitel Friedrich more than a hundred yards away. Commander of German Cruiser Is Honored Guest. Commander Thierichens, commander of the sea raider, sat in full uniform with the official party on the platform and mingled with American naval officers throughout the ceremony. A gray haired woman approached the German commander as he stood under the towering bow of the Pennsylvania and "grasped his hand. She was Mrs. M. P. Thomas of Beacon, N. Y., a member of the Society of Friends. "Commander," she said, "I belong to a society which believes that all persons should love others as much as themselves. Do you in Germany love as much as you love yourselves?" The captain smiled but did not answer, as Mrs. Thomas continued. (Continued On Page 6)

AMERICAN WOMEN IN WAR RELIEF

GLADYS VAN DER VLIET

"NAVY NEVER BEFORE IN BETTER CONDITION" —SECRETARY DANIELS

Newport News, Va., March 16.—Secretary Daniels, answering critics of the unpreparedness of the American navy for war declared in an address here today that never before in its history was the navy in better shape to fight. He spoke at a luncheon given in his honor following the launching of the new super-dreadnaught Pennsylvania. "There never was a time," said Secretary Daniels, "when the navy was so powerful, so ready, so efficient as now. Nor has there been a year when the fleet has given so much time to target practice, maneuvers, war games and practices as the present year. Skill, modern adaptation, new tactics are being carried out day and night. The motto of the navy of today is 'training, training and more training; practice and more practice.' Nothing else keeps ships and men fit. Today they are fit and ready. Has Substantial Faith in Value Of Submarine. Secretary Daniels reviewed the progress of building battleships and said the launching of the Pennsylvania was one of many concrete proofs of the strength, effective and steady development of the navy of 1915. He praised congress for providing recently for an increase in the navy saying it showed its wisdom of the value of submarines when it authorized a big increase in that craft. "No nation," he said, "has placed such substantial faith in the deadly power of this under-sea craft. Within a comparatively short time, some of them will be in the hands of our navy." 1,050,029 PRUSSIANS IN LATEST CASUALTY LISTS

London, March 16.—The last eight official Prussian casualty lists, number 166 to number 173, contain 33,142 names, bringing the grand total of killed, wounded and missing since the war began to 1,050,029 men, according to a dispatch to the Evening News from Copenhagen. The last four lists include the names of eleven officers killed, four wounded and two taken prisoner. It should be borne in mind that these totals refer to Prussia; they do not take into account 100 Bavarian, 186 Wurttemberg, 110 Saxon and 20 navy lists.

WILSON DISPLEASED WITH BRITISH ORDER; HALTS U. S. SHIPPING

Washington, March 16.—President Wilson declined to discuss the British order in council shutting off trade with Germany, with callers today because the United States has yet been only informally addressed of its terms but he indicated broadly that the unofficial outline of its contents was very displeasing to the United States government. Discussion among other officials, however, was taken to indicate that a protest would be made to Great Britain and her allies. Cotton shipments from the south would suffer particularly by the new order. Although Great Britain has promised to pay for shipments of cotton taken into her ports on route to Germany, the fact that these cargoes would suffer particularly (Continued On Page 6)

BRITISH CRUISER IS DAMAGED OFF TURKEY

Berlin, March 16.—(by wireless to Sayville, N. Y.)—The Overseas News Agency today gave out what they described as a report from Athens to the effect that the British cruiser Amethyst sustained heavy damages and had 28 officers and men killed and an equal number wounded during an attack on the inner forts of the Dardanelles in which five British warships took part. Travelers today, under the protection of warships resumed sweeping the Dardanelles for mines. One British trawler struck a mine and was blown up.

RAILROAD MUST RUN BRANCH LINE SERVICE

Columbus, March 16.—Two decisions considered by state and railroad officials to be of wide importance to common carriers were handed down here today by the supreme court. One practically orders that a railroad must continue service on a branch line even if it must be maintained at a loss and the other holds that the State Public Utilities commission can order a carrier to maintain a specific kind of service on its lines.

U. S. MUST INTERVENE SAYS SPANISH PAPER

Paris, March 16.—"Anarchy in Mexico and the crimes committed there make intervention by the United States almost inevitable," is a statement credited to Premier Dato, of Spain, in a dispatch to the Petit Journal from its Madrid correspondent. The premier is reported to have said that the Spanish government had decided not to maintain diplomatic relations with Mexico until the situation there again is normal and will decline the invitation of General Carranza to send a representative to act as successor to Minister Caro, who was expelled from Mexico. Russia Calls Reservists From U. S. Seattle, Wash., March 16.—All Russian reservists in Washington, Oregon, Idaho, Wyoming, Montana and Alaska have been ordered home to join the colors in an order issued by Nicholas Bogdanovsky, Russia's consul general here. It is expected that a Russian steamer will be chartered to carry the reservists to Vladivostok.

GREEK QUEEN IS FOR PEACE; SHE'S KAISER'S SISTER

Queen of Greece. While almost everyone in Greece wants to go to war, King Constantine is for peace. It is believed the reason can be found in the fact that the Queen of Greece is Emperor William's sister.

PRIEST ESCAPES FROM MEXICO WITH JEWELS WORTH HALF MILLION

New York, March 16.—A king's ransom in jewels, blizzards in the Royal Eagles of Spain at the time of Charles V, the most powerful monarch of the Sixteenth century, lies under guard at the customs house here, awaiting appraisal. The gems, set in gold on white and purple robes and mounted on two golden crowns were brought into New York by a Catholic priest, clad in shabby clothes who fled from Mexico City a month ago, made his way to Vera Cruz, and sailed aboard the steamer Montevideo. The Montevideo reached New York March 6 with this priest and six other fugitive priests who had been banished from Mexico by General Obregon. From the depths of a battered suitcase the gems and robes were tumbled out on the dock for inspection by the customs authorities. They so dazzled the inspectors that they were hastily put back into the suitcase. Under guard, they were taken to a safe deposit vault, where they were locked up and special watchmen detailed. GERMANS BOMBARD RUSSIAN FORTRESS

100,000 SOLDIERS LIE BURIED IN SMALL PLOT

London, March 16.—There are 100,000 soldiers buried in a triangle only a few miles in size, between Warsaw and Skierniewice, according to a correspondent who has just completed a trip by automobile over this portion of the fighting line. "This stretch of country," he remarks, "in three assaults on the Polish capital, probably has seen the bloodiest fighting of the whole war. A bridge near Blonie," writes the correspondent, "marks the nearest approach which the Germans have thus far made to Warsaw. The bones of 11,000 Germans and nobody knows how many Russians lie here."

London, March 16.—The only military cemetery along the East Prussian front appears to be the cemetery of the German bombardment of Olszewitz. At this point the attacking batteries have been brought closer to the fortress, the remains being according to official reports from Petrograd, the ineffectiveness of shell fire at a longer range. The Russian reports maintain that the attacks on the fort have been successful—countered. Petrograd claims that the Russians are holding their antagonists on almost the entire Prussians' front, where the Germans are (Continued On Page 6)

WOMAN IN CASE TELLS OF BALLOU'S DEATH

Bridgeport, Conn., March 16.—Mrs. Helen M. Angie, accused of having caused the death of Walter R. Ballou, in Stamford, last June, told her story today to the jury. Speaking at times so low that her words were almost inaudible, and again sobbing over her story, she told of Ballou's visit to her apartment on the night of which he met his death. Mrs. Angie told of her movements on the evening of June 23 when Ballou lost his life. She spent some time with Mrs. Barrett who had just moved in under her. Later she washed two pairs of stockings and did some ironing with an electric flat iron for Mrs. Barrett. Mrs. Angie said she felt lonely, and called up Ballou, and he came over. Mr. Ballou left, however, about 8 o'clock, the witness said, but returned later. He had a bottle of wine and after they had talked for some time Ballou proposed to have a drink of wine. Mrs. Angie said she did not care for wine and at her suggestion Ballou poured whiskey from the medicine closet and poured out a small drink for her and a larger one for himself. Later she told of finding Ballou's body at the bottom of the stair-pairs of stockings and did some ironing with an electric flat iron for Mrs. Barrett.

END STRIKE IN KENTUCKY

Lexington, Ky., March 16.—The strike of the coal miners in the Eastern Kentucky fields came to a sudden termination today when an agreement was reached between the miners and the operators and the former returned to work in the mines.

WILSON WILL TRY TO END COAL STRIKE

Washington, March 16.—President Wilson today began preparing a proposal of arbitration to settle the Eastern Ohio coal strike. He will communicate it to the operators and miners' leaders in letters probably tomorrow.

400 PAINTERS BACK AT WORK

Cincinnati, March 16.—About 400 union painters, whose employers have signed an agreement presented by the painters, in which employment of non-union glaziers is barred, returned to work today. About 1,000 striking painters are still out.

Affairs In Mexico Regarded As Quiet

Washington, March 16.—Official assurances that General Carranza has abandoned his blockade of Progress were received today from two sources and conditions in Mexico generally are regarded by President Wilson as much less in a ferment than they were a few days ago. He told callers today that the American representations and notes had been effective and that he felt that there now was more security for foreigners. The president said he had no doubt that those guilty of the recent killing of John B. McManus, an American citizen, would be punished. Geneva, March 16. (Via Paris) —A dispatch to the Tribune from its Rome correspondent says that a large part of the Italian navy is being concentrated at Taranto at the southeastern extremity of the country and the point nearest the Dardanelles. Italy's Fleet Concentrated. Th' way some folks talk you'd think they expected th' whole month of March to pass off like a spell of summer. There we've had two weeks of th' finest weather dope ever seen in these parts and yet th' moment I start off a bit of real March th' kicking commences. Well let 'em kick. Here's for tomorrow. Ohio—Unsettled in south; fair in north tonight. Golden in extreme south portion. Wednesday fair. Kentucky—Unsettled tonight; Wednesday fair. West Virginia—Rain snow and colder tonight; Wednesday generally fair except snow in extreme east portion.

# FRANKLIN FURNACE AND HANGING ROCK ARE TO GET THE SUB STATIONS

## Contract Also Let For The New Cars

Portsmouth was one of the first of the smaller cities to receive pay-as-you-enter cars and it will be one of the first to get side door interurban cars, as it was announced Tuesday by officials of the Ohio Valley Traction company that they had placed an order with the G. C. Kuhlman Car company of Cleveland for four all steel cars. They are to be delivered November 15 and will be equipped with side door entrances, smoking compartments in the front, general passenger compartments in the rear and all cars will be equipped with cross seats. The cars will be 65 feet in length and will be the very latest style cars used for interurban needs it was stated by the traction company, who will award the contract for the extension of their lines from Sciotoville to Ironton Wednesday or Thursday. Bids submitted by contractors from various sections of the country are still being thoroughly canvassed by Raymond York, Hugh Higgins and Charles Noel. It was also given out Tuesday that the company would build sub-stations at Franklin Furnace and Hanging Rock. They will be one story brick structures 40 by 20, and work on them will be started in the next three or four weeks. Electricity will be transformed in them and not generated as the generating will be done at the big power plant in New Boston. It will be recalled that an immense generator was installed in this plant last fall. "This was done to take care of the additional demands the extension will make upon the plant," said Vice President Raymond York, Tuesday. "The company Tuesday awarded a contract for 100 tons of copper and transmission wire to go into the extension. This wire is to be delivered to us just as soon as we need it," said Mr. York, Tuesday. "We have ordered practically everything needed for the extension except the steel rails and expect to do this in a few days."

### FILIPINOS THINK THIS FLOWER IS SPIRIT OF CHIEF

One of the most interesting exhibits at the international flower show in New York city is a moth orchid growing in a human skull. The skull is that of a Filipino who stole one of the wives of Chief Juan. The chief kept the skull as long as he lived. On his death it was placed on his grave. This orchid grew out of the skull and natives believe it is the spirit of their dead chief.

### WOMAN SCIENTIST AT THE FRONT

Best Known of the world's women scientists is Madame Sklodowska Curie, of Paris, who with her husband, now dead, shared the high honor of discovering radium. Madame Curie is a chemist of deepest knowledge and is an expert upon all forms of radio-activity. It is to be expected that in going to the front army she should choose that form of work for which her training has fitted her. She now is working in the hospitals near the battle lines with a complete x-ray equipment, and has been of great assistance to the French surgeons in the treatment of the wounded.

### WILL BE ASSISTANT JUDGES

Judge Gorman, of the municipal court of Philadelphia, has inaugurated a novel experiment in the appointment of three women to be assistant judges, their duties being to hear sworn testimony in cases where young girls are involved. Mrs. Martha P. Falconer has been for many years the head of the girls' house of refuge. Mrs. A. G. Prince is the representative of religious societies in court work, and Mrs. Minnie Richardson is an officer of the juvenile court. The innovation has for its object the protection of young girls from the publicity of testimony in open court and the exercise of a woman's sympathy and understanding in cases where a young girl's future is involved.

## The Movies

"Paramount Day" At The Lyric.

Marie Doro makes her first appearance in the "Morals of Marcus" a five part production. Davidson's orchestra will add to the pleasure of this evening shows and the admission will be only ten cents.

Had William J. Locke expressly written his famous novel and play, "The Morals of Marcus," for Marie Doro, he could not have improved upon the theme or the role, with their vast treasure of opportunity charmingly congenial to the talents of the youthful star. The picturesque addity and originality of the charming play is further illuminated by the sweet wishfulness and captivating personality of Miss Doro. Her delicate beauty and appealing tenderness make her an ideal interpreter of the role of Carollita, the slender and fascinating little refugee from a Turkish harem, and the central character of the play. Her immediate success in the role in the stage presentation of the play stamped her as an artist of remarkable attainment and established her firmly as an American star of the highest rank.

The portrayal calls for the greatest test of artistic ability and personal charm, for although at the inception of the story, Carollita is a dainty, mischievous, insoucious girl, she develops rapidly as the action progresses into a woman with the profoundest depths of feeling and unquenchable love, and the interpretation requires versatility and brilliant intelligence to a marked degree—of which Miss Doro is the abundant possessor.

### Columbia "Regenerating Love"

"Tillie's Punctured Romance" Tomorrow

"Tonight's program at the Columbia consists of a three-part special picture entitled "The Regenerating Love" with an all star Lubin company, featuring Ormi Hawley, Earl McCall and Justine Huff. This is one of the best three reel pictures ever offered at the Columbia and is filled with interest from beginning to end.

Tomorrow, Wednesday, and also Thursday, you will have an opportunity to see the greatest comedy ever produced in "Tillie's Punctured Romance," a six-reel comedy feature with Marie Dressler, Chas. Chaplin and Mabel Normand.

This picture is a regular whirlwind of fun and has been breaking house records over the entire country, playing solid weeks in one town only to be re-booked for longer engagements.

Remember this great picture is here for two days only and don't for any reason overlook an opportunity to see it, as it is the talk of every place where it has been shown.

### At The Temple Theatre

For five cents you can see a big Thriller feature entitled "In the Jury Room." It's a powerful sociological drama wherein a factory owner is hated by his employees for his cruelty. The third picture is a beauty entitled "Which Would You Rather Be?" It's a comedy drama with two new beauty leading women, Virginia Kirtley and Kathryn Wilson. The fourth reel, a Mutual Weekly, the latest war pictures. Tomorrow night is the big night "Exploits of Elaine." See Pearl White, one of the most dazzling and vivacious of moving picture actresses who plays the leading part in this great series of pictures.

### At The Exhibit

Zundra in The Twenty Million Dollar Mystery is the offering at the Exhibit today. In addition to this two reel feature Manager Law has two additional pictures, Keystone comedies, Hogan's Wild Oats and Steel Rolling Mill. To add to the big program there is special orchestra music.

### Woman's Health Requires Care

Women are so constituted as to be peculiarly susceptible to constipation and their general health depends in a large measure on careful regulation and correction of this tendency. Their delicate organisms, reared at the violence of catarrhic and purgative remedies, which while they may afford temporary relief, shake the system and seriously disturb the functional organs. A mild laxative is a preferable agent if properly compounded, much more effective.

The combination of a simple laxative with opium, still in drug stores under the name of Dr. Caldwell's Syrup Pepsin, is ideal for women's use. A free trial bottle can be obtained by writing to Dr. W. J. Caldwell, 452 Washington Street, Chicago, Ill.

### Tomorrow will be shown a two reel feature entitled "The Bankie Maids"

Had William J. Locke expressly written his famous novel and play, "The Morals of Marcus," for Marie Doro, he could not have improved upon the theme or the role, with their vast treasure of opportunity charmingly congenial to the talents of the youthful star. Her delicate beauty and appealing tenderness make her an ideal interpreter of the role of Carollita, the slender and fascinating little refugee from a Turkish harem, and the central character of the play. Her immediate success in the role in the stage presentation of the play stamped her as an artist of remarkable attainment and established her firmly as an American star of the highest rank.

## THEATRICAL

### At The Sun

The Unwritten Law played to good houses at the New Sun theatre yesterday. The story of this play is well known to the American public, in fact it is one that has been given more publicity than any other since that has ever been tried before an American court. This great play is more than interesting for the reason that it follows the lines of one of the most famous cases that ever came before the courts of this country. Miss Anna May in the part of Eva Hutchins is exceptionally good. Eddy B. Larenz playing the part of Harry Thorne, and Edmund Carroll in the part of Haulford Sargate, are strong in the parts and give the necessary action to this great show. Lulla Hill adds much to the dial act by her clever work in the part of Mrs. Farrington, a chorus girl.

Many beautiful costumes are worn by the ladies. While the settings are massive the roof garden scene is very good, while the act is one of the best sets that has ever been shown in the city. You are missing one of the best acts of the Barrett Players if you miss this. The bill for the last half will be a live comedy number and one that will give Frank Morris an opportunity to appear at his best in a role that will be a scream. Be sure and see "The Village Postmaster."

# BOND ISSUE ELECTION IS CALLED IN WASHINGTON

Another bond issue election to provide funds for the erection of new school houses in Washington township was called for Wednesday, March 31, by the Washington township board of education in session Monday afternoon. It is planned to build a six room building in the upper end and a two room building in the lower end of the township. The bond issue calls for \$15,000.

The larger building in the upper end will be used as a combination high school and elementary building, and eventually three of the rooms will be used for high school purposes. The two room building will supersede the one room Sugar Grove building, and will be built on a new site, outside the flood zone. The site of the larger building will probably be on the Roby farm, although this has not been decided.

County Superintendent McCowan attended the meeting, and stated that the sentiment seemed to be in favor of the bond issue.

## EXECUTED

Washington, March 16.—General Mateo Almanza a Carranza Commander and his entire staff has been court martialed for treason and executed at Torreón by Villa authorities, according to reports to Villa agency here.

## DOING IT NOW

Mrs. Barbara Hehl is erecting a small frame dwelling on the site of the A. J. Martin Company's office which was destroyed by fire, near Second and Scioto streets some months ago.

Dr. James Gill expects to remodel the old Gregory property on Third street as soon as it is vacated by the John Briggs family, who expect to move to New Boston. Mr. Briggs has purchased a farm on Dry Run.

Dr. James Gill expects to put down a concrete approach to the entrance of his veterinary hospital which has just been remodeled and corrugated throughout.

# Buying Bridges

The fabricating shops reported orders for buildings and bridges for about 11,000 tons of structural steel, and there were 23 inquiries calling for about 14,000 tons of shapes. There were 22 small orders actually placed. It is thus evident that the individual contracts closed were all for small tonnages. Included in the business was 1,500 tons of structural work for the railroads, and, with one exception, all the contracts were for bridge work. The orders placed included those of the Pennsylvania, Boston and Maine, Chesapeake and Ohio, Big Four, Southern Railroad and Great Northern, while the Burlington and Lake Shore have taken bids and are at the point of closing.

## Mother's Friend Before Baby Arrives

During several weeks of expectancy there is a special extra interest in our "Mother's Friend" in which thousands of women have the most unbounded confidence. They have used it and know they have a wonderful influence to ease the pangs of labor and how they avoided those dreaded straining pains that are so much dreaded about the birth of a child. This extra external application is gently used over the skin to render it permeable to the natural stretching which it undergoes. The nervous system is thereby just beneath the skin is thus relieved of unnecessary pain-producing causes and great physical relief is the result as compared with the host of unhappy mothers who suffer from personal experience.

It is a subject that all women should be familiar with as "Mother's Friend" has been in use many years, has been given the most severe tests under most trying conditions and is recommended by women who have had many children and who in their earlier years learned to rely upon this splendid aid to women.

It is a wonderful relief to a multitude of women to be just what expectant mothers need.

You can obtain "Mother's Friend" at almost every drug store. For a full leaflet and terms write for our little book. Address: Blandford Dispensary Co., 412 Lamar Bldg., Atlanta, Ga.

## OBITUARY

### Eli Walker

Eli Walker, 65, died Monday evening at seven o'clock at Flatwoods, east of Lucasville, after a long illness of tuberculosis. He came to Flatwoods from Van Lear, Ky., two years ago. He leaves a wife, three sons, Huston of Lucasville, Murf of West Virginia, and Clark of Van Lear; and one daughter, Mrs. Musie of Van Lear. The funeral will be held Wednesday morning at ten o'clock. Burial at Glendale.

### John Humble

Concerning the death of John Humble, father of Mrs. Charles Newman, of 1728 Twelfth street, the pastor of the deceased paid Mr. Humble the following tribute in the Adams County Defender:

"John Humble was born Sept. 11, 1845, died Feb. 20, 1915, aged 69 years, 5 months and 9 days. He enlisted in the service of his country July 24, 1863, and served until the close of the war.

December 3, 1865, he was married to Miss Sarah Campbell, and to that union seven children were born: Mrs. John Scott, of Dolphus, Mrs. John Kline, of Lyons, Mrs. Bert Moore, of Dunkinsville, Mrs. Chas. Newman, of Portsmouth, Alphaeus and Everett, of Cincinnati, and Inez, who died in infancy, one brother, Walter Humble, of Sandy Springs, and one sister, Mrs. Willie Richards, of Lyons, and a host of friends and neighbors to mourn their loss, but their loss is his eternal gain.

Brother Humble was a charter member of Cedar Grove Baptist church. He was also an ordained deacon, in which office he served his Master faithfully. He always

had the work of the church and the advancement of God's Kingdom upon his heart. Very few services were ever held in his church that he was not present and at his post of duty.

He was a good husband, a loving father and a faithful friend. How we shall miss him in the home, in the church and in the community. But we must submit to the will of God and say as we look up through our tears, "Thy will, not ours, be done."

The funeral was held in the church, conducted by his pastor, Rev. N. C. Davis, assisted by Rev. A. K. Murphy, of Tuscarora, and Rev. Hill, of the M. P. church of this place, and laid to rest in the Liberty cemetery. HIS PASTOR.

### Mrs. Fannie Collier-Ruggles

Mrs. Fannie Collier-Ruggles, aged 67 years, peacefully passed away at the home of her youngest son, Ralph Ruggles, of No. 501 Glover street, Monday evening at 5 o'clock.

Death was due to paralysis with which Mrs. Ruggles had been suffering, she receiving her first stroke several years ago and a second stroke ten weeks ago when she came to this city from her home in Vaneburg, Ky., for medical treatment.

Mrs. Ruggles was born at Sandy Springs, Adams county, Ohio, and was the widow of the late Socrates Ruggles, one of the most prominent men of Lewis county, Ky., who died twenty years ago. She formerly lived in this city and always retained her membership in Bigelow Methodist church. A woman of lovable disposition and many noble qualities and liked and respected by all who knew her, Mrs. Ruggles' death has caused genuine sorrow among a wide circle of friends. She is survived by two sons, Ralph and Arthur Ruggles, of this city, and an only daughter, Mrs. Clara Sweet, of Newfoundland, B. C., who will be unable to attend the funeral. One brother, Thomas Collier, resides at Harrison, Ky. The remains will be taken to Vaneburg Wednesday morning and the funeral will take place from the Methodist church there, with burial in the Vaneburg cemetery.

## James Wolfe

Dr. F. M. Stewart, of Sciotoville, received word from his cousin, Mrs. John Shattuck, of Ironton, Monday night, of the death of her brother, James Wolfe, of California.

Mr. Wolfe was born in Scioto county and spent several years at Waverlyburg. Later he moved to Ironton and was one of Lawrence county's prominent educators. He was superintendent of the First Baptist Sunday school there for ten years. The deceased leaves a wife, several children and several brothers and sisters. One daughter is a missionary in China. The body arrived in Ironton Tuesday and the funeral was held from the Baptist church at two o'clock. Dr. Stewart was unable to attend the funeral.

### BUY IN PORTSMOUTH.

We heard of a man, the other day who lives in Portsmouth, does business in Portsmouth, and whose livelihood depends upon the business done with Portsmouth people. If his customers went away to Columbus or Cincinnati or Chicago to do their buying, he would be out of business in a month. He simply could not get along. And out of business with him would go the jobs of numerous persons whom he employs. Yet we heard that this man's family went away from home to purchase all their personal belongings. They went to a nearby large city to spend the money they had set aside for wearing apparel and other things.

Now we feel sure that this business man did not stop to think nor did his family stop to think of all the angles of the case, or they would have done their buying here in Portsmouth, have patronized the Portsmouth merchants, have helped to make everybody that much more prosperous. By buying here they would have kept that much more money in circulation in Portsmouth, they would have helped local merchants along, would have enabled them to keep more clerks busy, made things better for everybody.

### GAY DOINGS AT COLUMBUS.

We very much fear that our state senators are getting in a bad way, and are allowing their footsteps to tread in dangerous paths under the guidance of a bold, bad, unscrupulous gang of lobbyists, who have flocked about the state house since Jimmy Cox departed. This in Col. James Paulkner's letter to Sunday's Enquirer, we find that one bunch of lobbyists quite won the hearts of the senatorial gentlemen by passing out free tickets to a vaudeville show at which a band of dancing girls were the feature. These gay young ladies rose to the situation and they left the stage and danced all around the excellent statesmen. One senator became so excited that he grabbed a pretty, black-eyed dancer and shouted, "This one's mine, boys."

Col. Paulkner further tells us that the climax came when a dancing girl kissed a bald spot on the cranium of one distinguished senator, where everybody sat back, clapped their hands and roared with laughter. It was awfully funny and the lobbyists paid the bills.

But we wonder how such things seem to the sober minded citizens of the state at large? Does it not carry the impression that "the good old days" when privilege ruled and lobbyists told legislators how to vote, have come back in all their pristine glory with the Willis administration? Does it not carry the conviction that the clock in Ohio was set back 15 years when Frank B. Willis and his associates were voted into office?

### JOURNALISM IN WILLIAMSON.

Over in Williamson, West Virginia, they have more bad politics and more vicious newspaper scrapping than in any other town on the map. Williamson is not much of a town at that. It is just a scraggly, semicircular up-slope of a village that lies on the south side of a scummy hill and aside from its general pretensions has about as much right to claim importance and standing as Jimtown on the Pike.

However its newspapers have strong and decided opinions about each other. For instance before us lies a copy of the Williamson Daily News which voices this for Williamson unusually mild opinion of a contemporary:

"Such slanders come with bad grace from a man who is well known to have an intimate acquaintance with and a very recent record in gambling rooms, drinking parties and bawdy houses of several different towns; and all this in the face of the fact that he is a professed Christian, and claims membership in one of our local Christian churches."

"This gambler, drunkard and whorehouse, liar and all-around hypocrite, is the man who criticizes the private character of the good citizens of this city. How can the people endure such things, is the question?"

It is about as certain as anything can be in this world that the career of the Prinz Eitel Friederich as a sea raider is over. With half a dozen hostile warships hovering in a semi-circle outside the three mile limit waiting for her and others hurrying to join in the blockade it would be sheer folly for the Friederich to venture out. And the bold German naval men are not fools.

### "SCRAPS OF PAPER"

### SO SAY WE, ALL OF US.

(Youngstown Telegram.)  
 Evelyn Nesbitt-Thaw voiced a popular sentiment when she said, "I am tired of this case." The unsavory mess has been paraded entirely too long and it is in nowise helped by the actress who whose posterity is added to every phase of it.  
 The fact is, the Thaw case has become a bore to the American people and the proper solution would be to give the man his freedom if he would promise to take his wife and go away somewhere and never come back.

It has ever been the policy of this newspaper to be fair and honest in the presentation of the news of the day, and it is a matter of great pride and gratification to us to know that the members of the recent city probe committee commented upon the thoroughness, completeness and fairness of the reports of the hearing as presented to Times readers. You will find the news in The Times and you will find it presented fairly and intelligently.

At that we do not see why so valiant and conscientious an officer as Major Bonzo should be drawn into the teachers' institute controversy as was done by a card writer in the Morning Star. However, it is, in a way, only another compliment to the Major. It shows that his fame as an officer has extended over the county.

### No Clue To Robbers

No clue is had to the four unknown robbers who burglarized the Arthur Thompson store in McDermott early Sunday morning, securing loot estimated in value at \$100. Ray Lynn's blood hound traced the men to Rushtown, where it lost the scent. It is thought that the robbers entered some kind of a conveyance at Rushtown, and proceeded in the direction of Portsmouth.

 FOR LITTLE PEOPLE  
 THE ADVENTURES OF MINNIE MONKEY  
 When Minnie Monkey ran away from school she didn't think Of getting into trouble right away. But soon she found that what she thought would be great fun, was not, Which mostly happens when you disobey.  
 The Organ-Grinder's children took Miss Minnie in the house; To them she was a very lucky find, Because their father's monkey had just died the day before, And so he couldn't go around to grind.  
 But when he saw Miss Minnie Monk he said at once: "Run quick And bring the little cap and coat to me; We'll dress her up and teach her how to turn a somersault And how to make a little bow," said he.  
 Poor Minnie was so frightened that she couldn't say a word; And so they put a cap upon her head, And next they put her in a thing she'd never seen before, A tiny little monkey-coat of red.  
 And when the Organ-Grinder said: "Now turn a somersault!" She didn't in the very least know how. And so he said: "I'll teach you if it takes all afternoon. To turn a somersault and make a bow."  
 And when she'd learned to do these things, the Organ-Grinder man Said: "Now you'll have to take this little cap, And every time that anybody throws a coin at you, Just make a little bow and pick it up."  
 "And then tomorrow morning when we go on the street You'd better not forget the things I've said." By this time Minnie Monkey was as very, very tired That she was glad enough to go to bed.  
 And just because she was so tired she went right off to sleep, And didn't waken up till it was light. I won't have time to tell you now the things that happen next, I'll have to wait until tomorrow night.

### APPROVES OF LEASE

Probate Judge Bently has approved the lease of the Crawford building, Third and Chillicothe streets, to the Anderson, Brothers Company for a term of five years at an annual rental of \$1800. Arrangements of the lease were effected by the three trustees, Geo. E. Krieger, Simon Labold and Albert Zuelner, recently appointed by the court to look after the interests of the owner, Mrs. Maggie Crawford, an inmate of a hospital in Pennsylvania.  
 The former lease of the building by Anderson Brothers expired Monday night. Application for the appointment of trustees was made by W. D. Anderson, guardian of Mrs. Crawford, about a week ago.

## The Markets

### NEW YORK STOCK

New York, March 16.—Heavy selling of Reading, based on reports of a reduction of the dividend provoked some unsettlement of prices in today's market.

Specialties were again more prominent than the active or seasoned issues at the outset of today's market operations. The minor coppers, Alaska gold, Central Leather and motor shares made general gains, while leaders were slightly lower or unchanged. Later Bethlehem Steel and Texas company were added to the list of higher prices, the former advancing two points. Reading's uncertain course reflected current gossip connected with its future dividend prospects.

Some very substantial recessions were recorded by Americans in London notably Canadian Pacific, Reading and Union Pacific.

Reading became notably weak toward midday declining two points to 142½ on steady selling, much of which was ascribed to out

of town sources. The balance of the list was sympathetically affected. Canadian Pacific yielding 1½, with substantial declines in United States Steel and Amalgamated Copper. Bethlehem Steel, however, held much of its rise. Specialties fell back easily and the activities of the short interest became more pronounced.

Bonds were lower, several large blocks of the New York Central debenture sixes selling at lower prices.

Special stocks were further affected by moderate liquidation and standard shares made but slight recovery from their low levels. The closing was heavy.

### CHICAGO GRAIN

Chicago, March 16.—Diminishing of stocks in Europe tended today to lift the wheat market here. Transatlantic visible supply total was reported as showing a decrease of 344,000 bushels as against an increase of 10,421, 600 bushels a week ago and an increase of 1,400,000 bushels a year ago. There were also advances of 1,500,000 bushels in Argentine and that 1,000,000 bushels was being taken out of store at Kansas City to go to the gulf for export. After opening ½ to 1½ higher, prices reacted to a moderate extent.

Corn suffered from lack of support. The buying was only scattering. Better weather counted against the bulls. Opening prices which varied from ¼ off the ¼ advance, was followed by a sag all around.

Export demand gave relative steadiness to oats, as compared with corn. Commission houses, though, were generally on the selling side, with prices slightly under last night's level.

Lower quotations for hogs weakened provisions. The chief pressure was on ribs.

Heavy sales to realize profits in what led afterward to a number of setbacks. The close was weak at ½ to 1½ net decline.

Slowness of shipping call from the east kept the corn market depressed. The close, though, was steady at ½ to ¾ under last night.

OPENING PRICES  
Wheat: May, \$1.50 to \$1.59; July, \$1.25½ to \$1.26½; Sept., \$1.12½ to \$1.11½.  
Corn: May, 75½ to 75¾; July, 75½ to 75¾; Sept., 75½ to 75¾.  
Oats: May, 60½ to 59½; July, 59½ to 59½; Sept., 59½ to 59½.

CLOSING PRICES

## SAYS HUSBAND BEAT HER WITH A SHOE

Charging that her husband beat her over the head with a shoe while she was lying in bed and that he threatened to use a knife on her while they resided in Dayton, W. Va., in 1914, Mrs. Ella Hughes, through her attorney, Judge Harry Ball, Tuesday, filed a suit for divorce in the common pleas court here. The couple were married July 24 and have two children, Albert 9, and Isabelle 7. Mrs. Hughes further avers that her husband never provided for her and that she had to run a boarding house to make a living. She asks for the custody of the children, a divorce and alimony. The residence of Hughes is unknown, but Mrs. Hughes is making her home in this city.

## IRON CROSS IS GIVEN BY LOCAL SHRINERS

Tuesday's Cincinnati Enquirer had an interesting account of the presentation of an "Iron cross" to Probate Judge William H. Lueders, of Cincinnati, by the members of the Portsmouth Shrine Club. The arrangements of the presentation were in the hands of Harry Johnson, of the Illinois Hardware Company, while the cross was the artistic work of Walter Phillips, of the Grimes-Peebles Company. The Enquirer says:

"Probate Judge William H. Lueders was signally honored yesterday by being presented with an iron cross. However, it was not the decoration which the German Emperor bestows, but a genuine 'iron cross' measuring about 24 inches each way and weighing about 25 pounds, pendant from its fine a piece of forged tool-steel as ever was welded.

The "cross," a huge mitered affair, is the gift of the class from Portsmouth, Ohio, which recently traveled the hot sands of the Syrian Temple, when they became Nobles of the Mystic Shrine. That was on February 15 last, and the "fine" treatment which Judge Lueders accorded them, as the head of a committee appointed to see that they got all that was coming to them, caused them to decide to present him with an iron cross. The cross bore the following upon its four arms: "Presented to Blunthurs Past Patriarch Wm. H. Lueders by Portsmouth Shrine Club for Galantry at Ceremonial Session, Syrian Temple, February 20, 1915."

The center of the cross bore these words: "Hoe der Kaiser."

The "cross" came packed in a large box, and when Billie Joe Westerkamp opened it he was exceedingly careful, believing that the package contained some valuable picture or work of art, as it was

Man Takes His Own Medicine Is An Optimist  
He has absolute faith in his medicine, he knows when he takes it for certain ailments he gets relief. People who take Dr. King's New Discovery for an irritating cold are optimists—they know this rough remedy will penetrate the windings of the throat, kill the germs, and open the way for Nature to act. # UNCLAIMED FEES IN HAND OF CLERK

You wouldn't believe that there are scores of people in Seato county who have money coming to them, and yet make no effort to recover it, would you? But a glance at the list of names of people who are entitled to costs in cases in common pleas court will soon convince you of that fact.

Ray McElhenny, the county clerk, is holding the money for the real owners and is eager to get rid of it. He will gladly pay it upon demand. Take a look through the list and see if your name is there. The following is the list:

## Thin Men and Women

Here's a Safe Easy Way to Gain 10 to 30 lbs. of Solid, Healthy Permanent Flesh.

Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good, nourishing food." The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste.

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials in which it is being deprived by the failure of the alimentary canal to take them from the food. The best way to overcome this sinful waste of flesh building elements and to stop the leakage of fats is to use Sargol, the recently discovered regenerative formula that is recommended so highly by physicians here and abroad. Take a little Sargol tablet with every meal and notice how quickly your cheeks fill out and rolls of firm, healthy flesh are deposited over your body, covering each bony angle and projecting point. Fish-er & Streich Pharmacy and other good druggists have Sargol, or can get it from their wholesalers, and will refund your money if you are not satisfied with the gain in weight it produces as guaranteed on the guarantee in each package. It is inexpensive, easy to take and highly efficient.

**Caution.**—While Sargol has produced remarkable results in overcoming nervous dyspepsia and general stomach troubles, it should not be taken unless you are willing to gain ten pounds or more, for it is a wonderful flesh-builder.

## Archdeacon Dodshon Here Tomorrow Night At All Saints Ch.

Archdeacon Joseph H. Dodshon will be the special preacher at the Lenten services at All Saints' church on Wednesday evening and will deliver a sermon on "The Great Petition." The Archdeacon is a great favorite in the diocese and very popular with the people of All Saints and he will undoubtedly be greeted by a very large congregation. All who have never heard Mr. Dodshon preach are strongly advised to avail themselves of this opportunity as it is only at extremely rare intervals that his work will allow of his visiting his friend the Rector of All Saints. The services will commence at 7:30 p. m. and will last about one hour. If you cannot come early come in time for the sermon. A cordial invitation is extended to the general public to attend the special services at All Saints' church which are proving most successful in every way this year and are being attended by large congregations which always include a great many men. The two preachers this week the second of whom comes to Portsmouth on Friday evening next in the person of the Rev. E. P. Chumney, rector of Trinity church of Columbus, are great favorites with the male sex and preach a gospel the dominant note of which is manliness. The church is located at the corner of Fourth and Court streets. Leave the street car at Chillihothe and walk out Fourth to Court or at Second and Court and walk up Court to the church.

## UNION MEETING OF YOUNG PEOPLE'S SOCIETIES

A conference of Christian Endeavor workers will be held at the First Presbyterian church Thursday, March 18. Mr. Stanley B. Vandersall, the state secretary of the Christian Endeavor, will attend the meeting and an interesting program will be furnished.

The officers and workers of the various young people's societies have been asked to meet in conference at 6:30 sharp. At this hour a supper will be served by the First Presbyterian society and short talks will be made by local Endeavors, concluding with a talk by Mr. Vandersall on the advantages of a union organization.

At 7:30 there will be a song service followed by two or three speeches including Mr. Vandersall. All members of the young people's societies and any others who are interested in Christian Endeavor work in Portsmouth and Seato county are invited to attend this meeting.

Mr. Vandersall is a live wire, a good talker and an able organizer. It is the hopes of the state

## THE GREAT AMERICAN STOMACH

Is it performing its functions along with the kidneys, liver and bowels, so that all are in perfect harmony? Is it doing this or is it allowing your food to remain partly undigested, sending poisons through the body, causing distress after eating, indigestion, headache, whirling noises in the head, loss of flesh and self-complexion?

Does the fact that your kidneys are not working properly cause you intense pain in answering the more frequent calls of nature? Is your urine highly colored? If so, you must do something immediately. # NEGRO PURSE GRABBER ATTACKS A YOUNG LADY; VICTIM WAS PLUCKY

Miss Eva E. Legler, who is employed as book-keeper at the Excelent Shoe Company's office, was roughly handled by a negro purse-grabber at Fifth and Washington streets Monday evening about 7:30.

Miss Legler, who is a daughter of Mr. and Mrs. Fred Legler, of 419 Second street, was on her way to attend a club meeting when she had reached the above corner a negro suddenly emerged out of the dark and seized her purse. She firmly held to it and a struggle for its possession ensued. He knocked her to the sidewalk, but she did not relax her hold on the purse strings, and her screams finally frightened him away, he disappearing down Fifth street and through an alley. Miss Legler injured a finger in the fall, and though her clothes were very muddy and she was suffering greatly from the shock, she continued to the club meeting. She described the fellow as a tall, thin negro.

## MR. WITMER ON THE JOB

Engineer J. F. Witmer, of Buffalo, N. Y., met with the city department heads Tuesday and discussed in detail the various subdivisions of work at the new waterworks. He was not altogether pleased with the progress made by the John H. McGowan company but has secured a promise from the firm to install a surge pipe which will remedy matters, he says.

The operating expenses of the new city pumping station have been reduced from \$13 per million gallons to \$8, according to Engineer George P. Shute.

The filtration plant is practically completed and the New York Continental Jewel company will be paid its final estimate.

## BASHFUL GROOM SAFELY WEDDED

Edgar Conns, 21, a steamfitter of Seato county, overcame his bashfulness long enough Tuesday to appear at the court house with his bride-to-be, Mingo Crawford, also of Seato county, to apply for a marriage license. Judge Beatty granted the license, and the couple left at once for Seato county, where the knot was tied by Squire C. H. Wadden.

Conns' mother went to the probate office Monday afternoon to secure the license for her son, telling the court that her son was too bashful to come in person. She was told that the laws of the state do not make any special provision for bashful couples.

## To State Hospital

Carl J. Stephens, of No. 1052 Twelfth street, who was a private patient at the State Tuberculosis hospital until his money ran out, appealed to the county authorities for aid Tuesday and was warranted over to that institution. The young man is in a fair way to be cured and is confident of entirely regaining his health. He was formerly an X. A. W. switchman and was also for a number of years employed as a clerk at Beach & Smith's grocery.

to do with one's writing. I know children 6 and 7 years old who can write better than the majority of grownups.

Dear Dolly.—How can one become a good conversationalist?  
MANDY.  
By reading good literature and keeping in touch with the events of the day.

Dear Dolly.—How late should girls keep company after coming from the theatre?  
LULU.  
Not at all. The boy who took you should leave you at your door.

Dear Dolly.—I have often heard the expression, "running water." Now how can anything run without feet or legs?  
LITTLE HENRY.

It isn't necessary to have feet to run Henry. Consider the snake; also molasses.

Dear Dolly.—To whom would property go, if the mother who owns half interest in same dies?  
IGNORANT.

Her half interest would be divided among the children unless she left a will to the contrary.

Dear Dolly.—When serving a lunch to a crowd is it proper to pass a plate to each or set at the table?  
CORA.  
Either way is proper and you can do as you prefer about it.

Dear Dolly.—I have kept company for a long time with a man and now we have quit. While we went together he gave me a number of valuable presents, now he wants them back. Will the law compel me to give them up?  
A READER.  
The law will not force you to give them up, but your own sense of honor ought to make you ashamed to keep them, especially since he does not want you to have them. You were very foolish to accept them in the first place.

Dear Dolly.—I am a very nice young lady, yet people talk about me. I do not know what for. What shall I do?  
WORRIED GIRL.  
See that you give people no

cause to talk about you, and then carry your head high and enjoy a clean conscience, no matter what is said.

Dear Dolly.—Please tell me when standard time was adopted and why?  
SUNTIME.  
Primarily for the convenience of railroads, a standard of time was established by mutual agreement in 1883, by which trains are run and local time regulated. According to this system, the United States is divided into four sections. The first the eastern sec-

tion, the second the central section, the third the mountain section, and the fourth the Pacific section. When it is 12 o'clock (eastern time) in New York City, it is 11 o'clock (central time) in Chicago, it is 10 o'clock (mountain time) in Denver, and nine o'clock (Pacific time) in San Francisco.

A Nurse.—It isn't necessary to give the history of the article you mentioned. Just confine your essay to its usefulness as it applies to your work and also in regard to children.

Anxious.—I would not only treat him cold and indifferent, but I would leave that place at once. I hope you gave him a piece of your mind when he tried to take liberties with you. If you don't leave, keep away from him, especially when the others are not there.

The Ladies' Musical presented a delightful program yesterday afternoon in the High School Auditorium, with Mrs. Lena Kline Reed in charge. Mrs. Charles E. Hard acted as president in place of the regular president, Miss Edna Marting, who is out of the city.

There was Music of Spring, and to carry out the spring idea a basket of apple blossoms was used in the decorations. The program follows: "MUSIC OF SPRING" Mrs. Lena Kline Reed, Chairman. Piano—(a) "The First Violet" (Behr); (b) "Rustle of Spring" (Suiding)—Miss Margaret Quinn. Voice—"Springtime" (Trindell)—Mrs. Win Nye. Miss Mary K. Reed, accompanist.

Voice—"Spring Night" (Jensen). "Violet, Come Rejoice With Me" (Franz Ries)—Mrs. Albert Marting. Miss Lollie Anderson, accompanist. Piano—(a) "To a Wild Rose"; (b) "To a Water Lily" (MacDowell); (c) Spring (Hering)—Mr. A. B. Johnson. Voice—"Spring's Awakening" (Wilfred Sanderson)—Mrs. C. W. Strecker. Mrs. S. R. Crawford, accompanist.

Reading, "It is Spring in Italy" (Italian dialect)—Miss Lenora Alford.

Voice—(a) "O Laura Exquisite" (The Exquisite Hour), (b) "To be sung in French" (Hahn); (c) "Once" (Spring song)—Arthur Hervery. Mrs. H. F. Kinsler, Mr. Edgar Chapman, accompanist.

Piano, "Persian March" (Strauss)—Miss Ruth Crawford. Voice, "The Swallow" (Cowen)—Mrs. Wella Hutchins. Miss Lollie Anderson, accompanist. Musical Happenings—Mrs. Edgar F. Draper.

Mrs. Edgar F. Draper, who has delighted her friends for many years by sharing with them the remarkable store of information on all artistic subjects, opened the program with a talk on "Musical Happenings," reminding her audience that the date, the fifteenth of March, recalled the unhappy "Ides of March" by Julius Caesar fame. In closing she read the poem, which was particularly appropriate since she was the first to introduce the song "Tipperary" to a Portsmouth audience, as follows:

Sweet Is Tipperary In The Springtime!  
(Written twenty years ago, by Verma McCarthy)  
Ah! sweet is Tipperary in the Spring-time,  
When the hawthorn is whiter than the snow,  
When the feathered folk assemble  
And the air is all a-tremble  
With their singing and their winging to and fro,  
When quince "Shewannon" puts her radiant vest on  
And smiles to hear the news the breezes bring,  
When the sun beaming to dance  
On the ripples that glimmer  
Ah! sweet is Tipperary in the Spring!

Ah! sweet is Tipperary in the Spring-time,  
When life like the year, is glad and young,  
When the soul is just awaking,  
Like a fly blossoming breaking,  
And bee-works' finger, sweetly on the tongue,  
When the blue of Irish skies is the line of Irish eyes,  
And love dreams cluster close and cling  
Round the heart, and round the brain,  
Half of pleasure, half of pain,  
Ah! sweet is Tipperary in the Spring!

Mountain in the south of Ireland.

The program was most delightful. All the selections were beautifully rendered to an appreciative audience. Miss Lenora Alford will be in charge of the next program, the date of which will be announced later in the papers. A change may be made from the regular date, on account of the next recital coming in Holy Week. Mrs. Alan Jordan gave an invitation to all to come and hear Mrs. Dora Sandoe Bachman next Tuesday evening in her lecture on Modern Conditions and Public Education at the High School Auditorium.

Mrs. E. E. Cline, of Canton, is expected soon to visit her sister, Mrs. Henry Fairtrance.

The Art Circle will meet Thursday afternoon at the home of Mrs. Henry Hoor, on Officers street.

The Needlecraft Sewing club, which is composed of six charming young school girls, met Saturday afternoon at the home of Miss Dorothy Miller. The afternoon was spent in sewing and games, after which light refreshments were served to the following: Alice Barry, Catherine Walker, Mildred Reed, Alice Weber, Dorothy Miller and Catherine Emhardt.

Mrs. Wm. Chisholm has gone to Cincinnati to visit friends for a few days.

The Woman's Literary Club will meet Friday afternoon in the Woman's Club parlors. Mrs. Isabel Thomas will be the chairman. The program will consist of America's Greatest Republican—Miss Elizabeth Bell.

A Pair of Europe—Mrs. Samuel Horelidge.

Mrs. W. S. Walker has returned home from a week-end visit with relatives in Jasper.

In honor of Miss Mayne Spencer, Mrs. George Friend will entertain Friday evening with a recipe show. Miss Spencer's marriage to Mr. Charles Stevenson will take place next Tuesday evening at the home of the bride's parents, Mr. and Mrs. J. J. Spencer, on Gallia avenue.

Mrs. G. W. Keller and daughter, Mrs. W. H. Bell, will go to Cincinnati tomorrow for a short visit.

WHEN YOU WASH YOUR HAIR DON'T USE SOAP

Most scalds and prepared shampoos contain much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain molasses coconut oil, for this is pure and entirely harmless. It's very cheap, and beats soaps or anything else on the market. You can get it at any drug store, and a few coppers will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is left fresh looking, bright, shiny, wavy and easy to handle. Besides, it loosens and takes out every particle of dirt, dirt and dandruff.

New Boston council met Monday evening with all members present and Mayor J. S. Davis in the chair.

The Standard Supply Company was allowed \$1500 as a third estimate on their contract of \$11,481.06 for material for the village's water system. Balance due on the contract is \$2628.82. A balance of \$6736.82 is due. Contractors Watkins and Phillips on contract of \$7886.82 as they were allowed their second estimate of \$500. Henson and Sheppard, contractors for hauling pipe, were allowed a second estimate of \$30, leaving a balance of \$36 due on their contract of \$216.

Sundry bills amounting to \$185.35 were allowed. A bill of \$19.16 from Cooper Bros. for provisions furnished a poor family was again referred to the City township trustees for payment. Mayor J. S. Davis said he appeared before the trustees with the bill and they said they would consider it if such articles as hay, lettuce seed and onion sets were not included as such articles are not necessary for a family depending on village or township help. Grocer Cooper will also take up the bill with the trustees.

Clerk Thomas O'Neal was authorized to pay to the Portsmouth Banking company the following certificates of indebtedness: Service fund, \$1173; safety fund, \$510; health fund \$204; general fund, \$201.

Solicitor Skelton reported that he had talked to Ann Jordan relative to the purchase of seven strips of land by the village needed for the continuation of streets and alleys from the village proper into the Puelhos addition. Jordan does not favor having his land cut up and his offer to Skelton was that the village sell bonds for \$3000 and buy the whole piece of property. Jordan also stated that he would purchase the bonds. His proposition was passed with a smile.

Attorney Skelton reported that the five apparatus ordinance was not ready as the money was not in the hands of the treasurer. When the funds are turned over to the First National bank and the money is forthcoming the ordinance can be passed.

Charles Dixon, chairman of the street committee, reported that the lot required to widen Taft street would cost \$350 which price is asked by the owner, Mr. Rickert. No action was taken. He also reported all alleys repaired as ordered. Mr. Dixon said that Mrs. Pollard has offered the bricks in the old foundation on his lot on East Rhodes free for hunting and that the bricks could be used to a good advantage as a fill in the alley west of Ohio avenue between Rhodes and Stanton avenues. The street committee will haul the bricks to make the fill.

An ordinance approving plans, specifications and estimates and appropriating money to pay the cost of laying a six foot sewer through the Puelhos addition from the intersection of Peabody street and Stanton avenue and extending sixty feet East. The estimated cost is \$420. The sewer will form a flood defense for the lower end of the village.

William Fremont, deputy marshal, whom Mayor J. S. Davis ordered to turn in his badge and mace, asked council to ask the mayor to state his reasons for asking him to quit the job, saying that he thought he was not getting justice. Fremont said Mayor Davis gave him his reasons that he (Fremont) took a drink of beer while on duty and that he went into a restaurant to eat while on duty. Fremont thought the mayor's reasons which he stated were true, were not strong enough to cause him to quit and he asked council for a careful investigation of why he was "laid off" before another man is appointed.

Solicitor Skelton explained the law and Mayor Davis will have to present in writing to council why Fremont was taken off the job. This will be done at the next meeting, council assuring Fremont they wanted to give him a fair trial.

Each member took a turn on enlightening Member L. Fitch as to why Mrs. Thomas O'Neal, wife of the clerk, was drawing \$15 per month for clerical services. The work of the clerk has been extra heavy the past few months and Mr. O'Neal, before Fitch became a member of council, was authorized to get help for which council agreed to pay \$15 per month.

The street committee was ordered to make temporary repairs to Gallia pike near the western corporation line where a mud hole has been a source of complaint for some time.

The village sinking fund trustees of the board of education will meet Tuesday night and should they refuse to purchase the bonds they will be offered to the State Industrial Commission. It is mandatory for these three bodies to refuse the purchase of the bonds before they can be advertised for sale.

## WILL GIVE BANQUET

Members of the White Rose Council, No. 54, Daughters of Pochontis, will be entertained soon at a banquet for members only which will be held within the near future. This was decided upon at the meeting Monday evening, but the date was not agreed upon. This will probably be attended to at the meeting next Monday evening.

## Geeks After Quarters

The Geeks at their meeting Monday night named a committee to secure suitable quarters for this newly formed organization. It is composed of William Barron, Charley Wilson and Roy McElhenny. A constitution and ritual were adopted last night and the new society starts out with a charter membership of 30.

## To Chillicothe Street Room

Virgil Fowler has commenced moving his camera shop from the Feyer room on Second street to the room on Chillicothe street just vacated by the Singer Sewing Machine Company.

## Has Opened New Grocery

John Joseph, formerly of the firm of Joseph & Kanouse, opened his new grocery at Tenth and Lincoln streets Monday. He has a clean stock and ideal quarters.

## Mackey Gets Busy

J. B. Mackey of the Wheelersburg Milling company, after having to drive his automobile through a mud hole on Gallia pike for sometime, took the matter in his own hands Monday morning when he asked the consent of Mayor J. S. Davis of New Boston, to put several men to work draining the water from the hole. A street railway crew also helped.

## Out of Danger

Dr. James Gill has received word that his brother, Frank Gill, a patrolman of St. Bernard, who was internally injured in an automobile collision a week ago near Glendale is now out of danger.

## "TIZ" FOR SORE, TIRED FEET—AH!

"TIZ" is grand for aching, swollen, sweaty, calloused feet or corns.

"TIZ" is grand for aching, swollen, sweaty, calloused feet or corns. "Pull, Johnny, Pull!"

Ah! what relief. No more tired feet; no more burning feet; no more swollen, hot, aching, sweaty feet. No more soreness in corns, callouses, bunions. No matter what ails your feet or what under the skin you've tried without getting relief, use "TIZ". "TIZ" is the only remedy that draws out all the poisonous excretions which pull up the feet. "TIZ" cures your foot trouble so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore and swollen. Think of it, no more foot misery, no more agony from corns, callouses or bunions. Get a 25 cent box at any drug store or department store and get instant relief. Wear smaller shoes. Just once try "TIZ". Get a whole year's foot comfort for only 25 cents. Think of it.

## YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

No matter what ails your child a gentle, thorough laxative should always be the first treatment given.

If your little one is out of sorts, half-sick, isn't eating, crying and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that it's little stomach liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad, or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the constipated poison, indigestible food and sour bile gently moves out of his little bowels without hurting him, and you have a well, playful child again.

Mother can rest easy after giving this harmless "fruit laxative", because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups, printed on each bottle.

Beware of counterfeiting syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs" then see that it is made by the "California Fig Syrup Company."

## Masonic Meeting

St. Vernon Chapter, No. 23, Royal Arch Masons, conferred the Mark Master's degree upon a class of five candidates Monday evening. The Past Master and Most Excellent degrees will be conferred one week from this evening upon the same class. Prior to the Chapter meeting, Sullivan Council, No. 78, R. & S. M. held a brief business session. The directors of the Masonic Club also had a short business session late Monday evening, transacting routine business.

## IRON AGE 100% POTATO PLANTER

It places every seed piece just where you want it—right depth and right distance apart. Sow faster at the same time, in six or eight feet across the furrow, without touching the seed. Made this year with a new steel frame and steel seed box—stronger and more durable. Many attachments make this machine of value all through the season—for side dressing, ridging, making up rows, covering or covering furrows and as a corn, bean and pea planter. Further distribution in two sizes, regular, which holds 15 lbs. over half a sack, and a large one which holds a whole sack.

Call and see these machines, find out why they are so accurate and ask for new booklet, "100% Potato Planting."

# BEGIN TO PLAN FOR LABOR DAY

As has been their custom for many years the Central Labor Council plans to fittingly observe Labor Day, which will be celebrated on Monday September 6.

The first step towards the 1915 celebration was taken last night at the meeting of Central Labor Council when a committee composed of Charles Turner, F. D. Landmann, Henry Kuhn, A. A. Onkes and Henry Lordier was named to have full charge of the Labor Day celebration. The committee will get together shortly and map out the plans for the observance of the day set aside each year for the laboring hosts.

The council endorsed a resolution recently passed by the Federation of Labor of Cleveland empowering the president to stop the exportation of any kind of ammunition to foreign countries. B. P. Lowery of the MacDonald Shirt company was present and addressed the meeting, which was well attended.

## Rev. Dapp Here On Wednesday Night

Special Lenten services will be held at the First Presbyterian church Wednesday evening. The address will be given by the Rev. John S. Dapp of Manchester. Rev. Dapp has preached in the city a number of times and enjoys the reputation of being a most eloquent and helpful speaker.

The male quartette, composed of Messrs. Bayd, Lorey, Kinsey and Schwartz, will furnish special music, and there will be a song service of the old gospel hymns.

The public is invited to this service which will begin at seven o'clock.

## Will Have A Big Crowd At Lecture

Mrs. Mint Kline, president of the Mothers and Teachers' club of the lower Fourth street school building, has called a meeting of the members of the club for Thursday afternoon at 3:30 o'clock to make arrangements for the lecture of Mrs. Clara Sinden Bachman on "Modern Conditions in Public Education" at the high school auditorium next Tuesday evening, March 23, at eight o'clock.

The campaign committee of the club held a meeting Monday evening and decided upon a number of matters in connection with the lecture. Invitations will be mailed out to every woman's club in the city, asking the members to attend, while the school teachers of the city will also be sent special invitations. Every possible effort will be made to insure a large audience for the speaker, who is recognized as one of the most versed women in educational affairs in the state. George D. Scudder, president of the board of education, will introduce her to the audience.

Women will be selected at the meeting Thursday afternoon to serve as ushers at the lecture. The meeting will be held in the kindergarten room of the building.

## Impersonator Made Hit At High School

Sidney London, in his entertaining, "Speaking Likenesses of Great Men," presented a program Monday evening in the high school auditorium out of the ordinary, and one which met the heartiest approval of a large audience.

With the aid of wigs and costumes, which he used in plain view of the audience, London "made up"

and impersonated Victor Hugo, French poet and author; Bill Nye, of cherished memory; Edgar Allan Poe, American poet and story writer; Samuel Langhorne Clemens, whose pen name is Mark Twain, celebrated American humorist; and Henry Wadsworth Longfellow, one of America's foremost poets. His humor kept the audience with him. He completely lost his own personality, and so complete were the impersonations that the audience felt that London has indeed vanished and the departed man of genius he impersonated was present.

The sixth and last number of the lecture course will be given on April 9th, with Albert E. Wigan as the lecturer.

## CLUB WILL VISIT

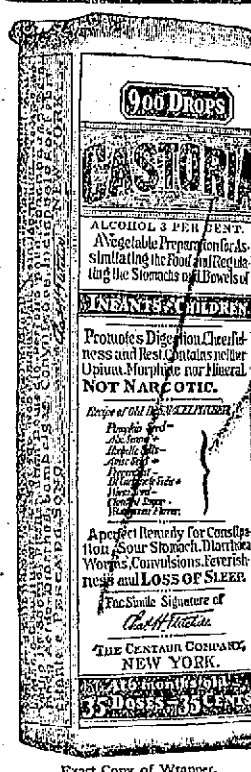

Several of the members of the Mothers' Club of the lower Fourth street school building will attend the meeting of the Mothers' Club of the Eleventh street building on next Friday afternoon. Some of them are slated to make a few remarks at the meeting.

## Jury Could Not Agree

A jury in common pleas court, after deliberation Monday afternoon, disagreed in the case of the state vs. Oswald Pennington, charged with grand larceny. The vote stood eight to four for acquittal, it was announced. Pennington was charged with the theft of 42 chickens, valued at \$59.80, from the rear of the home of Frank Montz, of this city.

A jury last week also disagreed in the case of the state of Ohio against Oswald Pennington, charged with breaking open a N. & W. car and stealing meat. Funk & Jacobs represented him at both trials.

## Accuracy Contest And Head Pin Tournament At The Play House

**PRIZES**  
 Accuracy Contest  
 All Day Wednesday  
 Tailor made suit of clothes  
 donated by Phil Wolff, Chillicothe street merchant.

**Head Pin**  
 Thursday, Friday, Saturday  
 First prize—\$16.00 mottled mineralite bowling ball, donated by the Brunswick-Balke-Collender Co.  
 Second prize—Pair solid gold cuff buttons, donated by Walter Wilhelm, Chillicothe street jeweler.  
 Third prize—Pine briar pipe, donated by the Play House.

Wednesday will be a great day at the Play House where the bowlers of the city will have a chance to test their accuracy. That day alleys 4 and 5 have been turned over to the local team that will roll under the colors of Portsmouth at the A. B. C. to be held at Peoria, Ill., the last of this month.

Through the kindness and liberality of Phil Wolff, Chillicothe street merchant, the winner of the accuracy shoot will be presented with a tailor made suit of clothes. The contest will last just one day—all day Wednesday and no doubt the alleys will be kept busy from early morn until late at night. The seasons is one where accuracy counts, and there is absolutely no element of luck. The four back pins, Nos. 7, 8, 9, and 10 are placed on their respective spots and the object is to knock them down in rotation. If a player rolls off the alley then he loses all he has made in that frame. If he knocks down two pins at a time he also loses his count. Each pin counts ten, and it is possible for a player to get a score of 80, which will be a perfect total. Each player is allowed to roll

### MILAN IS AMBITIOUS TO LEAD AMERICAN LEAGUE IN BASE STEALING AGAIN IN 1915

Clyde Milan.

Clyde Milan of Washington is ambitious to lead the American league in base running again next season. He is much lighter this spring than he has been in some time, and he expects to have all his old speed. Milan was out of the running last season, due to a serious injury, but the year before he led the league with eighty-eight pilfers.

## Beers Shaping Up Team For Campaign

Charleston, March 16.—Manager Beers, of the Charleston Senators yesterday announced to the players he has signed for the local club this coming season. Practically all of the men will be new men, but Beers says they will make a good team, which he expects to keep around near the top.

The men who have expressed their desire to don a Senator uniform and who will arrive in the city in the next few days are Jenkins and Thelton, catchers; Corbin, pitcher; Horner, McLean, Bryant and Griffith, pitchers; Evans and Thornton, infielders; Killingsworth, Turner and Shoemaker, outfielders.

The veterans who have signed in their signatures on a contract are Smith and Thompson, pitchers, and Keating and Nutter.

McLean and Nutter, Manager Beers believes he has picked up two of the best pitchers that ever broke into baseball as recruits. Both are big young fellows with powerful arms and good hitters.

Horner and Bryant are very well recommended and look on paper to be "the goods." McLean is the only left handed pitcher for mound duty, and from his record he will be very easily one of the stars of the league. Griffith has pitched in Charleston several times.

Infielders are the hardest to sign, as all youngsters seem to aspire to be pitchers or outfielders. Evans is a youngster recommended by Everett Nutter, last year's star at our central garden. Thornton seems to possess the requirements to fill Connie Bresnahan's place at third, if such is possible. A great many infielders can be found but all have had a year or two at professional ball and none of these can be used. In the outfield only one position is to be filled, as Nutter will have his place made at center and it is the idea to use the extra catcher in right. For the left field place, Killingsworth seems to be the one best bet, with Turner and Shoemaker giving him a close race. The latter played on a semi-pro team at Portsmouth and can sure hit the ball, having batted .375 in the city league at that place.

It is thought Al Lock and Gahert will secure places as managers in this league.

### McBRIDE CAPTAIN

Washington, March 16.—Manager Griffith announces that he has appointed George McBride, the veteran shortstop, to once more lead the Senators on the field. This position of captain McBride has held for five years.

## Philly After Olympic Games

## CONWELL SHIFTS BACK TO THIRD

"Irish" Conwell has shifted back to his old love, third base. He is now captain of the No. 3 on the When team and he expects to perform as brilliantly in his new surroundings as he did for five years in picturesque Milwaukee.

"Conwell" writes friends that his arm has been a little sore, but it is gradually rounding to his league form.

## "Peerless League" Comes To A Close; "Kandy Kids" Win

The Malabar Kandy Kids won two out of three from the Play House kids on alleys 4 and 5 at the Play House last night as the final act in the Peerless League, which came to an end with the rolling of these three games. The Kandy Kids and Wilson's Five failed to show up with teams and consequently these games will never be rolled. No wonderful scores were made. The players cutting up and earning little while they did in the way of totals. Chels Malabar had high total and high score and really was the only player who took himself seriously. The scores:

KANDY KIDS—			
Diesel	173	142	172

### SAYS LAJOIE WILL NOT HELP TEAM

Gulfport, Fla., March 16.—Manager Hugley Jennings, of the Detroit Tigers, remarked today that Larry Lajoie would not come anywhere near filling the hole in Connie Mack's infield left by the departure of Eddie Collins, and that the White Sox would beat out the Athletics.

"Chicago, by the addition of Collins has pulled itself into a dangerous spot," said Jennings. "The Sox will have to be watched throughout the season. I look for Detroit, Boston, Chicago and Philadelphia to make the fighting with Detroit and Boston in the final battle and Chicago leading out the Athletics."

Lajoie is getting old, and a man cannot beat age, no matter what he does. He may had better than 300, but this feeling is bound to decline."

## Governor's Son Is Candidate

Ann Arbor, Mich., March 16.—Coach Carl Lundgren, former Cub pitcher and now teacher of the University of Michigan baseball team, has signed nearly a dozen men from the Indiana league, leaving fifty-two candidates still in the running.

Among them is Maurice Durne of Chicago, son of Governor Edward F. Durne, who is trying out for a catcher job.

## FT. WAYNE TO CHANGE HANDS

Fort Wayne, Ind., March 16.—The Fort Wayne Central league club is expected to change hands in a few days. A \$10,000 stock company to take over the franchise was organized yesterday by William Klitzke, a local business man; Louis Heitbroner, president of the Central league and "Babe" Myers, who is to manage the team; Claude H. Vancell, of Wheeling, W. Va., is the present owner of the club.

## To Leave On Tuesday

Chuck McDaniels, a local catcher, who was considered one of the best catchers in the Ohio State league last season will leave Tuesday for Greensboro, N. C., where he will play this season. He will coach the team, representing the South-Central Athletic Association, which is located near Greensboro. McDaniels is in fine shape, having been in training for several weeks. He anticipates having one of the best seasons of his career and his friends feel confident that he will deliver the goods in his new surroundings.

## Mollwitz Is A Real Star

Fred Mollwitz, first baseman of the Reds is turning up the shining games of Alexandria, where he is uttering the boldest but several swings around the big show this season. Mollwitz will be the regular first sacker of the Reds this year if it is claimed.

## Sign With Greensboro

Pitchers McWhorter, Aultman and Mollwitz, who won a pennant for Chillicothe in the Ohio State league last season have signed to play with the Greensboro, N. C., team this season and will report to Manager Rown of that club on March 25.

## AMES PITCHED ONE GAME HERE

## Will Not Stop Fight

Havana, March 16.—Gov. Bustillo denied today that he had any intention of prohibiting the Willard-Johnson fight from taking place in Havana, as had been rumored.

He added that he could not see any grounds for interference with the proposed contest.

## To Fight In Lima

Lima, March 16.—Arrangements are under way by Promoter Del Burell of the Baroque Athletic Club, that staged the Christy William-Rid Aske fight here last Friday night, to bring Ad Wolcott of Gallatin and Clyde McHenry of Lima together early in April. Both have agreed to meet, and will sign this week.

### WORKING ON SCHEDULE

Chicago, March 16.—Drafts of scheduled fights for the coming season, to be submitted for adoption at a meeting here tomorrow, were under consideration by club owners of the Federal League today.

## TWO OHIO TEAMS ROLL AT PEORIA

Peoria, Ill., March 16.—Teams from Cleveland, Lima, Ohio, Grand Rapids and Princeton, Ind., compete today at the tournament of the American Bowling congress. Twenty-eight five-men, thirty-three doubles and sixty-eight single teams will compete.

The Maxine Quintette, of Detroit, still lead with 2,807. S. F. Myers and W. Peters of Chicago, are ahead in the doubles with 1,170 and J. Lellinger, of Chicago, tops the singles with 671.

## Will Carry 6 Outfielders

Philadelphia, March 16.—Despite the fact that he sold the release of "Bibi" Lee to the St. Louis Americans, Manager Mack, of the Athletics, has a good supply of outfielders.

Combs intends to carry six men in this department this year. He now has on his list Oving, Strunk, Eddie Murphy, Thompson, Davies and Jimmy Walsh.

## Where Is The Coin?

(Lexington Herald)  
 An exchange has said that Richmond is clamoring for baseball, but the noise has not been augmented by the rattle of somebody putting up the coin to start the team. However, the little difficulty is expected to be met soon, if Richmond is required to complete the circuit.

It is more than likely that Lexington officials also will journey there this week where they expect to meet with their customary success.

### NEW ORLEANS WON

New Orleans beat Detroit Sunday 12 to 11 and two former Ohio State league pitchers, Jack Frost and Rusty, took part in the Peoria victory. Frost received a try out with the Reds and Gahert was formerly with Charleston.

## DARING RAID MADE BY A BURGLAR GANG

Under a cover of darkness thieves operated in the heart of the business district of the city Sunday evening, when they gained admission to H. T. Hutton's office in the Carr building on Chillicothe street and made a daring, but unsuccessful, attempt to enter Mr. Hutton's safe. They were evidently frightened away before they could carry out their designs as they left a hammer and three chisels on top of the safe and the lock and combination on the floor in front of the safe, where they had fallen after being chiselled off.

The fact that thieves had entered Mr. Hutton's office was not learned until Monday morning when Clark Winters, an employee, reported for work. He found the room in which the safe was located in a confused condition. A small drawer, which contained four gold rings, had been opened and the rings were missing. Mr. Hutton was at once notified and after making a hurried survey of the room as the burglars left it, he got in touch with Chief McCarthy, and an effort was made Monday to work up a tangible clue, but it failed. It is not known how the office was entered, as the thieves left no trace of how they secured admission. Mr. Hutton is of the opinion they climbed up the fire escape in the rear and then raised a window, which was left unlocked. Mr. Hutton has two safes, the larger safe in the rear office not being disturbed.

The safe, which the alleged safe-brokers attempted to open, is located in the middle office and contains practically all of Mr. Hutton's most valuable papers, but very little money is kept in either safe, according to Mr. Hutton. In order to open the safe Mr. Hutton was forced to enlist the services of Edward Brunner, custodian of the First National bank, and who is an all-around mechanic.

When efforts to open it without doing much damage to it failed, the big iron door was broken.

It will be recalled that three years ago thieves entered Mr. Hutton's office and departed with much valuable plunder. The robbery was veiled in mystery and repeated efforts of the police to work up a clue failed.

Sunday night's incident is also surrounded by mystery, which Chief McCarthy and several policemen are trying to unravel. Mr. Hutton is of the opinion that the work was that of amateurs and probably of a local origin.

"They must have been frightened away because they left all their tools near the spot where they easily tried to open the safe," said Mr. Hutton Monday night.

It was reported that the intruders left with much jewelry owned by Mr. Hutton, but he denied this, stating that only four gold rings are missing.

### No Prosecutor Appeared

Dan Johnson, an employee of George Jacobs, a meat dealer, called at the mayor's office Monday in answer to complaints but was ordered to return for a hearing Tuesday morning. He returned again but no one appeared to prosecute him. The police claim that Johnson drove his employer's horse up and down Robinson avenue and through the North End at fast speed Sunday night.

## Is The Groundhog A "Bum" Prophet?

Has the Ground Hog lost his reputation as a weather prophet, or did he fail to see his shadow on Ground Hog Day, February 21?

The proverbial six weeks were up today and there isn't any one who will dispute the statement that there were no traces of winter weather handed out the past six weeks. Truth, to tell us, that the weather was abnormally warm for February and March, and if the Ground Hog did see his "shadow" he is losing out as a weather prognosticator, as the winter all the way through has admittedly been of the open, high temperature variety.

## DECORATION DAY PLANS

The Ben Hur Marine Club held a meeting Monday night, at which considerable business of importance was transacted. An effort will be made to secure Millbrook park for Decoration Day, and a committee composed of Joseph Dimer, William Messner, Hoyt Panenko and Garland Lewis and Charles Miller was named to confer with the street railway company relative to securing the Casino. This club plans to put on a show in the Casino on Memorial Day.

## May Install New Front In Building

Capt. James W. Smith, who has donated his services to the city as a committee to supervise the overhauling of the Tubercular headquarters on Gay street, has recommended that the building on Gay street be equipped with an entire new front. He also suggests a window or two at the west end of the second story room which it is expected to convert into a rest and lecture room. The city board of control at its meeting Monday night decided to entrust the whole matter of improvements to Captain Smith's good judgment.

## Dirty Faced Man Did "Dirty" Work

A report reached police headquarters that some woman pedestrian had her pocketbook snatched by a short dirty-faced man wearing a light cap, at Gallia and John streets Monday night.

Some boy reported the robbery to the police, but had hung up the telephone receiver before any particulars or names could be learned from him, and although officers made diligent inquiry in the immediate vicinity and all over town, they failed to find the slightest trace to the victim's identity. It was said that the pocketbook contained but 8 cents. The description of the purse snatcher, is the same as the unknown who had similarly robbed several other women the past few months.

### Look Spie and Spun

Harry Braunlin, who has been employed at the W. R. Bushway and Fisher and Streich pharmacies, has taken a position at Harry Brandel's new drug store, the Dan R. Spyr stand. Both the new drug store and the adjoining clothing store of Bruce Hoehler look spie and spun in their new coat of blue.

## Paving Brick Men Unite To Promote Mutual Interests

Columbus, March 16.—With a view to employing a chief engineer to promote the use of paving brick in the construction of roads and street, and to inaugurate a system which will insure the highest type of perfection in constructing these roadways, 15 paving brick companies are charter members of an organization just formed here. It will be known as the Ohio Paving Brick Manufacturers' Association. The officers are: President, G. O. French, Canton; vice president, F. J. Manning, Portsmouth; treasurer, C. J. Deckman, Cleveland; temporary secretary, J. L. Murphy, Nelsonville. It is planned to select a permanent secretary in a few days and open permanent headquarters in the Hartman building here. The organization is made up of firms in Canton, Cleveland, Youngstown, Dayton, South Webster, Athens, Portsmouth, Nelsonville, Columbus, Zanesville, Seintoville and Alliance.

### HAS BROUGHT UP NINE CHILDREN; HAS SIX MORE

Mrs. Ella Wells, of Fifteenth street, was given a charity pass to Columbus for herself and six children by the county. Tuesday, after she earnestly assured Supt. John Addis, of the infirmary, that she had employment there and also a house to go to. Mr. Addis felt she had a hard proposition before her, but she assured him that she had reared nine children before and had no fears of bringing up a half dozen.

### MR. TAYLOR RECEIVES NEW KISSEL KAR

The Portsmouth Automobile & Machine company on Tuesday received a 1915 model Kissel Kar to be delivered to Harry E. Taylor. Mr. Taylor having disposed of the car of similar make that he had owned for the past three years. The new car is a seven passenger, six cylinder car with a special motor designed to develop 72 horse power, and has all the latest attachments of the automobile world. It is finished in dark Kissel blue, with gold hair line stripes. The new machine has a wheel base of 142 inches. The Portsmouth Automobile & Machine company is taking the agency for the Kissel line of pleasure and truck cars, and expect to push the line in this section. The Kissel company makes cars to suit the convenience or demands of purchasers in addition to its standard line of cars.

### EVERY MEMBER CANVASS

The vestry of All Saints' parish held a most important meeting at the close of evening on Sunday when they took steps towards conducting a systematic canvass of the parish on lines laid down by the board of missions for an Every Member Canvass and appointed a committee to draft and circulate an appeal for the annual Easter offering. A feature of the meeting was the passing of a resolution by a rising vote as a tribute of appreciation to the seven years faithful and efficient service rendered by Mr. Frank Ferguson as crucifier. It will be remembered that Mr. Ferguson recently resigned his position to go on the road for the Excelsior Shoe Co. His successor is Mr. Will Andrews, and the parish is to be congratulated upon securing the services of so suitable a successor to Mr. Ferguson.

## Will Ask Parents To Visit School

A meeting designed to have the parents of the school children of Portsmouth visit the various school buildings from May 25-28 was held in the High School building Monday afternoon and was attended by Supt. Frank Appel and principals of the various buildings. School work in all branches will be exhibited on these days and the parents will be urged to visit the grades in which their children are attending and to evince an interest in the work taken up by them. "At the close of each day a literary program will be rendered and we plan to make the meetings of unusual interest. They are designed to promote a closer relationship between the teachers and the parents of their pupils," said Mr. Appel Tuesday.

## Johnson Released

Lawrence Johnson, the East End young man, who was accused of robbing James W. Smith of High street, but against whom no proof was produced further than that they had had a desperate struggle on the streets, was released from custody Tuesday morning. Parole Officer Browning, of the Mansfield Reformatory, arrived just after he had been turned out, but inasmuch as he had not been found guilty, the officer did not consider he had violated his parole.

### Light Up, Doctor

For having one of the lights on the machine out, Dr. H. A. Maffey appeared before Mayor Frick on Monday evening and told that official that he did not know the light had gone out. It was reported that Dr. Maffey was speeding, but this was denied.

### Ironton Visitor

William Lucas, of Ironton, was in the city on business Monday. He is a son of Druggist John Lucas, of Ironton.

Mrs. A. S. Turner, of this city, is visiting relatives at Elton, Va.

## Smallpox Grips Rural Families

The development of twelve cases of smallpox since last Friday is giving the farmers in the vicinity of Monroe, Effort, Globe Switch and Firebrick, northeast of Hales Creek, some uneasiness.

Families who had children exposed to the disease at school are being vaccinated by the score. Dr. R. S. Stewart, of South Webster, who is treating all twelve cases, is treating all twelve cases, vaccinated over twenty Monday, and Dr. A. G. Stevens, of the same place, vaccinated an even twenty. The Hales Creek school and White Bear school are closed.

The first case developed in the home of Richard Crabtree, where two are ill.

Six children of Mr. and Mrs. John Brown, of Globe Switch, are suffering with the disease and the home is quarantined. Clarence, four-year-old son of Mr. and Mrs. William Carter, of Globe Switch, was taken ill Sunday. Mr. and Mrs. Bickett Woodroff and daughter Nora, of Effort, also developed the disease Sunday. Clarence Carter, Mr. Woodroff and one of the Brown children are the three most serious cases. All twelve live within a radius of five miles.

## POLICE NEWS

Walter Winkle and Dave Windlo were found guilty in police court Tuesday morning of a charge of fighting with a negro named Tinsley and were fined \$20 each. An additional \$5 was plastered on Walter because he was intoxicated. Field Officer Browning, of the Mansfield Reformatory, who was here on his rounds Tuesday, also dropped around to interview Dave, who is out on parole from that institution.

Blake Shaw, who was accused of being drunk and begging, was dismissed. John Cooper and Dave Strand were dismissed on the charge they had stolen Effie Billings' pet ferrets, and the case of William Browning for alleged disorderly conduct was also dismissed for failure of his wife to appear and prosecute him. The assault charge of Angus Bryant against John Seth was also thrown out.

## RECTOR AT MEETING

The Rev. E. Ainger Powell, rector of All Saints' church, is at Cincinnati today attending a meeting of the Social Service Commission of the diocese of Southern Ohio. The meeting is being held at Christ church parish house. The business to be transacted has to do with the missionary work of the diocese in the Hocking Valley coal field, which is under the control of the Social Service Commission. Mr. Powell will return to the city this evening and will officiate as usual at the seven o'clock celebration of the Holy Communion on Wednesday morning.

Coffee Social  
The Ladies Aid Society of the German Evangelical church will give their usual monthly coffee social in the Sunday school room, Wednesday afternoon from two to five. The ladies whose names begin with R and S will be in charge.

## STROPE ON RAMPAGE

William Stropes, a barber, one of whose claims to fame was his enacting the role of subject during public performances of Prof. Galvani, the Portsmouth hypnotist, some years ago, went on a rampage at his home in the North End Tuesday morning. He was reported cursing and abusing his aged mother. Chief McCarthy ordered him locked up at the city prison if found to be drunk, and if he proved decent, as reported, ordered him sent to the probate judge's office.

# THAW'S RETURN TO NEW HAMPSHIRE IS DENIED

New York, March 16—Justice Page denied the motion of the defense that Thaw be returned to New Hampshire. In his decision the judge said that Thaw was to go back to Matteawan unless legal papers were served on the warden of the Tombs prison calling for Thaw's retention in New York City.

New York, March 16—Before court convened Warden Hanley of Tombs prison was served with a writ of habeas corpus issued by Supreme Court Justice Bijur requiring him to produce Thaw in court Friday, March 19 in case Justice Page should deny the motion to have Thaw returned to New Hampshire. This, it was thought, would prevent Thaw's being sent to Matteawan before Saturday.

# U. S. WILL PROTEST TO ENGLAND

## ORDER AIMED AT GERMANY HAS FAR REACHING EFFECT

Washington, March 16—Administration officials were giving careful study today to the provisions of Great Britain's order, in council aimed at the stoppage of all commerce by sea to and from Germany which they regard as unprecedented and as having a far-reaching effect on American commerce, particularly on shipments of cotton and tinplate, and of other goods from Germany.

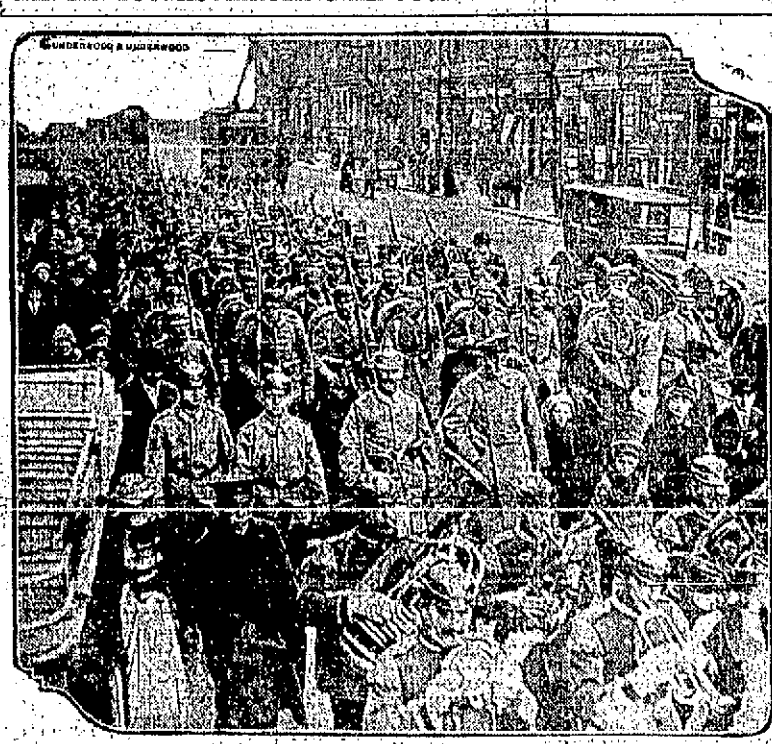

That officials are keenly disappointed is evident, and that vigorous protest will be lodged by the American government against the British action is virtually certain.

What perhaps displeased officials most was the prohibition on American commerce consigned to neutral countries and suspected of enemy destination. It forms the principal basis upon which the American government will insist on the freedom of its commerce from undue interference.

The probable course of the United States will be to await an enforcement of the British order in specific cases, each one of which will be made the basis for strong protest.

Official hope for an early improvement of the conditions for the commerce of neutral nations was destroyed by receipt of the British order, together with information that Great Britain had declined to accede to the American government's informal proposal for the withdrawal of Germany's submarine campaign and England's ban on foodstuffs for German civilians.

GERMAN YOUTHS MARCHING THROUGH BERLIN ON WAY TO FRONT

The German losses at the battle fronts are beginning to tell. The great gaps in the ranks have to be filled, and very young men are being called upon. This picture, which has just been received, shows a regiment of young men marching through Berlin on their way to the front. The first pictures that were received from Berlin after war was declared showed the soldiers to be gay and carefree. But this photograph seems to indicate an entirely different state of mind.

## FOREIGN COUNTRIES LOOK TO AMERICA TO SETTLE MEXICO

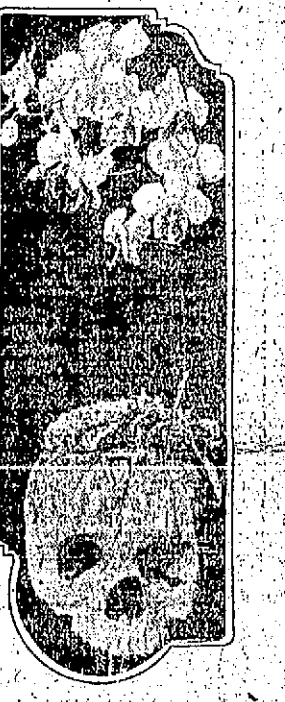

Washington, March 16—Foreign government representatives in Washington, who have looked to the United States for the safety of their countrymen in Mexico, were keenly interested today in the outcome of vigorous steps taken by the American government looking to the protection of foreign interests in the southern republic. Some saw in the latest American move a change in the administration's Mexican policy and believed the United States would insist on a greater consideration of foreign interests by the Mexican government.

Although conditions in East coast territory controlled by Carranza were considered improved as a result of representations to the first chief, affairs at the west coast port of Manzanillo still causing some concern. An American warship, however, has arrived there ready to give aid to foreigners in case they are threatened.

Before the arrival of the American ship the British consul at Manzanillo had appealed to the British embassy here for a British man of war, but with the arrival of the American ship it was not believed the dispatch of British ships would be necessary.

Foreigners at Manzanillo reported apprehensive because the Carranza authorities have confiscated property and because the food supply is running short. The British consul described conditions as "unbearable."

FILIPINOS THINK THIS FLOWER IS SPIRIT OF CHIEF

One of the most interesting exhibits at the international flower show in New York city is a white orchid growing in a human skull. The skull is that of a Filipino who stole one of the wives of Chief Gnanu. The chief kept the skull as long as he lived. On his death it was placed on his grave. This orchid grew out of the skull and natives believe it is the spirit of their dead chief.

## WORKING ON NEW U. S. EXPLOSIVE

Pittsburgh, Pa., March 16—Experimental work in the development of Dr. Walter F. Rittman's process for obtaining benzol and toluol from crude petroleum was expected to begin at the local plant of the Acton Explosive company here today following the installation of the necessary equipment yesterday.

The two chemicals are necessary in the production of high explosives.

The Acton Explosive company is to spend not less than \$200,000 in the construction of necessary apparatus to make an exhaustive test of the commercial feasibility of the new discovery, it is said.

## WORLD'S MIGHTIEST SHIP

U. S. S. PENNSYLVANIA LEADS NAVIES OF THE WORLD

## TAKES ITS INITIATORY DIP

Newport News, Va., March 16—When the new, super-dreadnought, Pennsylvania slipped from the ways into the historic waters of Hampton Roads here today she took her place in the lead of the navies of the world as the mightiest fighting machine afloat.

In size and gun power the Pennsylvania is greater even than the Queen Elizabeth of the British Navy, which led the recent terrific assault on the Allies on the forts of the Dardanelles. While the British monster carries larger guns, her main battery is only two-thirds the size of that of the Pennsylvania in number and the American battleship is 3,000 tons greater in size.

The main battery of the Pennsylvania will consist of twelve 14-inch, 45 calibre rifles, set in four turrets, three guns to a turret, the plan of big gun arrangement adopted in the sister ships which preceded her, the Nevada and Oklahoma. Her tonnage measurement is 31,400, 27,500 for the Nevada and Oklahoma and the Queen Elizabeth. The latter, however, carries eight 15-inch rifles, 45 calibre, set two to a turret, while the Nevada and Oklahoma have ten 14-inch rifles each in two 3-gun and two 2-gun turrets. In all these ships, including the Pennsylvania, the turrets are all on the center line to concentrate their fire on either broadside.

Five New British Ships Will Have Less Tonnage

Five battleships of the British navy set to be launched will have less tonnage than the Pennsylvania, the ships of the Royal Sovereign class being of 25,500 tons displacement, and none will equal the Pennsylvania in armament. Each is designed to carry eight 15-inch guns.

Details of four other British battleships already authorized, are not known here officially.

Five ships of the Japanese navy, estimated for in 1914 and known as the Fuso class, will not equal the Pennsylvania in tonnage with their displacement of 30,000 tons, but will carry the same main battery of twelve 14-inch rifles. They will exceed the Pennsylvania in speed, estimates calling for 23 knots against 21 knots for the Pennsylvania.

The 1914 estimates for the German navy call for three ships of the Kaiser Friedrich III class, with a displacement of 29,000 tons and carrying eight 15-inch rifles.

The British ships of the Queen Elizabeth class greatly exceed those of any other navy in speed, requirements calling for 25 knots an hour while the Royal Sovereign class will make at least 22 knots.

Other Countries Have Secretly Launched Great Battleships

Ship the outbreak of the war details as to foreign naval programs have been zealously guarded and it is probable that Great Britain, Germany and France have laid down many vessels of which no report has been made. So far as is known, however, no vessels have been planned which will exceed in size the three American ships of the California class, work on which has barely started.

These will have a displacement of 32,000 tons each and armament equal to that of the Pennsylvania.

The cruising radius of the Pennsylvania will be considerably increased by the fact that she will be equipped for all fuel exclusively and will have a capacity of (Continued on Page 4.)

## 100,000 SOLDIERS LIE BURIED IN SMALL PLOT

London, March 16—There are 100,000 soldiers buried in a triangle only a few miles in size between Warsaw and Skiernewice, according to a correspondent who has just completed a trip by automobile over this portion of the fighting line. "This stretch of country," he remarks, "in three assaults on the Polish capital, probably has seen the bloodiest fighting of the whole war."

"A bridge near Blonie," writes the correspondent, "marks the nearest approach which the Germans have thus far made to Warsaw. The bones of 11,000 Germans and nobody knows how many Russians, lie here."

## BIG EXPRESS COMPANIES ASK HEARING

Washington, March 16—Representatives of the American, Adams, Southern and Wells Fargo Express companies asked today of the Interstate Commerce commission to file a petition for rehearing of the express rate case. It declared that the low rates in force, prescribed by the commission have been "disastrous."

## PASSPORT FRAUD HEARING TODAY

New York, March 16—Richard P. Stegler, Gustave Cook and Richard Madden were to be placed on trial in the United States district court today on charges of conspiring fraudulently to obtain a passport to enable Stegler, to go to England as an American.

It had been reported that Stegler would become a government witness against his co-defendants. He had said that he was urged by Captain Boy-Rd, the German naval attaché in the United States, to serve as a spy.

## Many Chicago Women Will Register Today

Chicago, March 16—Two-thirds of the number of voters placing their names on the registration lists today for the mayoral election April 6 will be women, according to predictions of officials of the election board.

It was expected that between 75,000 and 100,000 more names would be added to the lists today, the last opportunity for registration before the election. The total registration now is 447,194 men and 218,712 women.

## TWO OHIO TEAMS ROLL AT PEORIA

Peoria, Ill., March 16—Teams from Cleveland, Lima, Ohio, Grand Rapids and Princeton, Ind., compete today at the tournament of the American Bowling congress. Twenty-eight five-men thirty three doubles and sixty-eight single teams will compete.

The Maxine Quintette, of Detroit, still lead with 2,807. S. F. Myers and W. Peters of Chicago are ahead in the doubles with 1,170 and J. Dellinger, of Chicago, tops the singles with 671.

## 29,978 LOST LIVES IN QUAKE

Rome, March 16—(via Paris)—An official parliamentary report on the earthquake of Jan. 15 gives the number of deaths thus far reported as 29,978, without including persons who afterwards died of injuries and illness caused by the disaster. The communes damaged by the earthquake numbered 372.

## Plan Monument At Frisco For Beachey

San Francisco, March 16—If a plan, which has been approved by the city's board of supervisors, is carried into effect, a monument will be erected in Golden Gate Park to the memory of Beachey, the aviator, who was killed here Sunday.

The funeral will be held tomorrow. City and Panama-Pacific Exposition officials conferred today regarding a proposal to suspend all activities at the fair grounds and to ask that business be held up for five minutes while the funeral ceremonies are in progress.

Beachey is said to have left a fortune of more than \$100,000.

Special attention to repairs, Walters Plumbing Co., adv.

## TWO DIE IN FIRE

Los Angeles, Cal., March 16—Two women are dead, a third fatally burned and many others injured as a result of a fire which early today burned through the upper stories of a three story square apartment house here.

Attorney R. E. Kimble is in Adams county on a short business trip.

## Mogul At Frisco

San Francisco, March 16—John K. Tener, president of the National Baseball league, who has arrived here, said today there was no baseball contemplated in his trip, despite rumors that he might meet Ban H. Johnson, president of the American league, in this city.

REMAINS GUARDED

Tarrytown, N. Y., March 16—Two armed guards kept watch today over the body of Mrs. John D. Rockefeller, 85, in mausoleum of John D. Archbold, in the Sleep Hollow cemetery here. It was stated that the guards would be kept on duty until arrangements for the permanent burial had been completed.

 Thursday, Friday, Saturday  
 First prize—\$16.00 mottled mineralite bowling ball, donated by the Brunswick-Balke-Collender Co.  
 Second prize—Pair solid gold cuff buttons, donated by Walter Wilhelm, Chillicothe street jeweler.  
 Third prize—Fine briar pipe, donated by the Play House.

eight balls and the pins must be knocked down in rotation. It will count nothing should a player knock No. 9 while shooting at No. 7—you must start from the left hand corner and cross over in rotation. The winner as stated above will be presented with an order for a suit of clothes, which Mr. Wolf promises to make according to fashion's latest decree. Remember, this contest will close on Wednesday, and the event will no doubt create all sorts of interest.

But the grand blow-off will occur on Thursday, Friday and Saturday, when a head pin tournament will be held on alleys 4 and 5. This is going to be even more successful than the one held last week, when the Peoria team realized a nice sum towards defraying their expenses. For this event three suitable prizes will be awarded. First, a mottled mineralite ball, value \$16, which will be bored to suit the grip of the winner. This ball will be donated by the Brunswick-Balke-Collender company of Cincinnati, through their local representative, William Barvon. The second prize will be a solid gold pair of cuff buttons, donated by the prince of good fellows, Walter Wilhelm, Chillicothe street jeweler. The third prize will be a fine briar pipe, donated by William N. Gableman, manager of the Play House. This event will come to a close on Saturday at midnight, and the roll off will occur on the following Monday should there be any tie scores.

Wednesday will be a great day at the Play House where the bowlers of the city will have a chance to test their accuracy. That day alleys 4 and 5 have been turned over to the local team that will roll under the colors of Portsmouth at the A. J. C. to be held at Peoria, Ill., the last of this month.

Through the kindness and liberality of Phil Wolf, Chillicothe street merchant, the winner of the accuracy shoot will be presented with a tailor made suit of clothes. The contest will last just one day—all day Wednesday and no doubt the alleys will be kept busy from early morn until late at night. The scheme is one where accuracy counts, and there is absolutely no element of luck. The four back pins, Nos. 7, 8, 9 and 10 are placed on their respective spots and the object is to knock them down in rotation. If a player rolls off the alley then he loses all he has made in that frame. If he knocks down two pins at a time he also loses his count. Each pin counts ten and it is possible for a player to get a score of 80, which will be a perfect total. Each player is allowed to roll

Clyde Milan.

Clyde Milan of Washington is ambitious to lead the American league in base stealing again next season. He is much lighter this spring than he has been in some time, and he expects to have all his old speed. Milan was out of the running last season, due to a serious injury, but the year before he led the league with eighty-eight pilfers.

### CONWELL SHIFTS BACK TO THIRD

"Irish" Conwell has shifted back to his old love, third base. He is now captain of the Waco team and he expects to perform as brilliantly in his new surroundings as he did for five years in picturesque Allbrook.

"Connie" writes friends that his arm has been a little sore, but it is gradually rounding to big league form.

## Beers Shaping Up Team For Campaign

Charleston, March 16.—Manager Beers, of the Charleston Senators yesterday announced some of the players he has signed for the local club this coming season. Beers says all of the club will be new to local fans, but Beers says they will make a good team, which he expects to keep around near the top.

The men who have expressed their desire to don a Senator uniform and who will arrive in the city in the next few days are Jackins and Holter, catchers; Coffindaffer, Horner, Molton, Bryant and Griffith, pitchers; Evans and Thornton, infielders; Killgusworth, Turner and Shoemaker, outfielders.

The veterans who have been sent in their signatures on a contract are Stearns and Thompson, pitchers, and Keating and Nutter.

In Jackins and Holter, Manager Beers believes he has picked up two of the best catchers that ever broken into base ball as recruits. Both are big young fellows with powerful arms and good hitters.

Horner and Bryant are very well recommended and look on paper to be "the goods." McKean is the only left hander signed for in the outfield, and from his record he will be very easily one of the stars of the league. Griffith has pitched in Charleston several times.

Infielders are the hardest to sign, as all youngsters seem to aspire to be pitchers or outfielders. Evans is a youngster recommended by Everett Nutter, last year's star at our central market. Thompson seems to possess the requirements to fill Connie Bresnahan's place at third, if such is possible. A great many infielders can be found but all have had a year or two at professional ball and none of these can be used. In the outfield only one position is to be filled, as Nutter will have his place singled at center, and it is the idea to use the entire club in field. For the left field place, Killgusworth seems to be the one best bet, with Turner and Shoemaker giving him a close race. The latter played on a semi-pro team at Portsmouth and can swing hit the ball, having batted .375 in the city league at that place. It is thought Al Leuk and Gilbert will secure places as managers in this league.

### McBRIDE CAPTAIN

Washington, March 16.—Manager Griffith, announces that he has appointed George McBride, the veteran shortstop, in once more lead the Senators on the field. This position of captain McBride has held for five years.

### SAYS LAJOIE WILL NOT HELP TEAM

Gulfport, Fla., March 16.—Manager Hugh Jennings, of the Detroit Tigers, remarked today that Larry Lajoie would not come anywhere near filling the hole in Connie Mack's infield left by the departure of Eddie Collins, and that the White Sox would beat out the Athletics.

"Chicago, by the addition of Collins has pulled itself into a dangerous spot," said Jennings. "The Sox will have to be watched throughout the season. I look for Detroit, Boston, Chicago and Philadelphia to make the fighting, with Detroit and Boston in the final battle and Chicago beating out the Athletics."

Lajoie is getting old, and a man cannot beat age, no matter what he does. He may hit better than .300, but his fielding is bound to decline."

### SPORTLETS

Johnny Baggan is being featured in all the games San Antonio is playing. He was recently pictured on all the papers of that city.

George Chaney, Baltimore Cyclone and Milt Brock swap jolts in Akron Monday.

Johnny Kilbane will draw down \$1,000 when he steps into the ring with Kid Williams.

Home track looks like a certainty at third for the Reds this season.

The Speaker says it's all over but dividing world series money. He says the Boston Red Sox will top bunting this season.

### Governor's Son Is Candidate

Ann Arbor, Mich., March 16.—Grant Carl Lundberg, former Gob pitcher and now trainer of the University of Michigan baseball team, has sliced nearly a dozen men from the indoor practice squad, leaving fifty-two candidates left in the running.

Among them is Maurice Dunge of Calumet, son of Governor Edward P. Dunge, who is trying out for a coaching job.

### FT. WAYNE TO CHANGE HANDS

Fort Wayne, Ind., March 16.—The Fort Wayne Central league club is expected to change hands in a few days. A \$10,000 stock company to take over the franchise was organized yesterday by William Klitzke, a local business man; Louis Heilbroner, president of the Central league and "Babe" Myers, who is to manage the team. Claude H. Varnell, of Wheeling, W. Va., is the present owner of the club.

### To Leave On Tuesday

Chuck McDaniels, a local catcher, who was considered one of the best catchers in the Ohio State league last season will leave Tuesday for Greensboro, N. C., where he will play this season. He will coach the team representing the Senior College Athletic Association, which is located near Greensboro. McDaniels is in fine shape, having been in training for several weeks. He anticipates having one of the best seasons of his career and his friends feel confident that he will deliver the goods in his new surroundings.

### Rickey Has 40 Players

Baltimore, March 16.—Despite the fact that he sold the release of "Billy" Lee to the St. Louis Americans, Manager Mack, of the Athletics, has a good supply of outfielders.

Condie intends to carry six men in this department this year. He now has on his list O'Brien, Strunk, Eddie Murphy, Thompson, Davies and Jimmy Walsh.

### Will Carry 6 Outfielders

Philadelphia, March 16.—Despite the fact that he sold the release of "Billy" Lee to the St. Louis Americans, Manager Mack, of the Athletics, has a good supply of outfielders.

Condie intends to carry six men in this department this year. He now has on his list O'Brien, Strunk, Eddie Murphy, Thompson, Davies and Jimmy Walsh.

### To Chillicothe Street Room

Virgil Fowler has commenced moving his camera shop from the Boyler room on Second street to the room on Chillicothe street just vacated by the Singer Sewing Machine Company.

### Mollwitz Is A Real Star

Front Mollwitz, first baseman of the Reds is burning up the spring games at Alexandria, where he is outdoing the Redlegs for several weeks around the big show this season. Mollwitz will be the regular first sacker of the Reds this year it is claimed.

### Where Is The Coin?

(Lexington Herald)

An exchange has said that Richmond is clamoring for baseball, but the rumor has not been substantiated by the rumor of somebody putting up the money to start the team. However, this little difficulty is expected to be met soon, if Richmond is required to complete the circuit.

It is more than likely that Lexington officials also will expect to meet with their customary success.

### Sign With Greensboro

Pitchers McWhorter, Autman and Mollwitz, who won a pennant for Chillicothe in the Ohio State league last season have agreed to play with the Greensboro, N. C. team this season and will report to Manager Rowe of that club on March 25.

### AMES PITCHED ONE GAME HERE

Red Ames is in good shape this spring and promises to win a number of games for the Philadelphia Athletics. Ames once pitched a game in the Seaboard Stadium here when the famous Phils were winning diamond laurels in Willow Park. But like the boob who once played with Sousa's band, Ames only pitched one game here. He was given a good vaudeville.

### Frankfort May Get Franchise

Pat Bohannon, an old timer, who is well known here, is at the head of the movement started to place Frankfort, Ky., on the baseball map. A mass meeting of the citizens there will be held this week to take up the baseball situation in earnest.

### Will Not Stop Fight

Havana, March 16.—Gov. Rustillo denied today that he had any intention of prohibiting the Willard-Johnson fight from taking place in Havana, as had been rumored.

He added that he could not see any grounds for interference with the proposed contest.

### To Fight In Lima

Lima, March 16.—Arrangements are under way by Promoter Del Burelli of the Buckeye Athletic Club, that staged the Christy William-Kid Ashe fight here last Friday night, to bring Al Volagast of Cadillac and Clyde McIlenny of Lima together early in April. Both have agreed to meet, and will sign this week.

Chicago, March 16.—Drafts of schedules for the coming season, to be submitted for adoption at a meeting here tomorrow, were under consideration by club owners of the Federal league today.

## BUY IN PORTSMOUTH.

We heard of a man the other day who lives in Portsmouth, does business in Portsmouth, and whose livelihood depends upon the business done with Portsmouth people. If his customers went away to Columbus or Cincinnati or Chicago to do their buying, he would be out of business in a month. He simply could not get along. And out of business with him would go the jobs of numerous persons whom he employs. Yet we heard that this man's family went away from home to purchase all their personal belongings. They went to a nearby large city to spend the money they had set aside for wearing apparel and other things.

Now we feel sure that this business man did not stop to think nor did his family stop to think of all the angles of the case, or they would have done their buying here in Portsmouth, have patronized the Portsmouth merchants, have helped to make everybody that much more prosperous. By buying here they would have kept that much more money in circulation in Portsmouth, they would have helped local merchants along, would have enabled them to keep more clerks busy, made things better for everybody.

## GAY DOINGS AT COLUMBUS.

We very much fear that our state senators are getting in a bad way, and are allowing their footsteps to tread in dangerous paths under the guidance of a bold, bad, unscrupulous gang of lobbyists, who have flocked about the state house since Jimmy Cox departed. Thus in Col. James Faulkner's letter to Sunday's Enquirer, we find that one bunch of lobbyists quite won the hearts of the senatorial gentlemen by passing out free tickets to a vaudeville show at which a band of dancing girls were the feature. These gay young ladies rose to the situation and they left the stage and danced all around the excellent statesmen. One senator became so excited that he grabbed a pretty, black-eyed dancer and shouted, "This one's mine, boys."

Col. Faulkner further tells us that the climax came when a dancing girl kissed a bald spot on the cranium of one distinguished senator, whereat everybody sat back, clapped their hands and roared with laughter. It was awfully funny and the lobbyists paid the bills.

But we wonder how such things seem to the sober minded citizens of the state at large? Does it not carry the impression that "the good old days" when privilege ruled and lobbyists told legislators how to vote, have come back in all their pristine glory with the Willis administration? Does it not carry the conviction that the clock in Ohio was set back 16 years when Frank B. Willis and his associates were voted into office?

## JOURNALISM IN WILLIAMSON.

Over in Williamson, West Virginia, they have more bad politics and more vicious newspaper scrapping than in any other town on the map. Williamson is not much of a town at that. It is just a scraggly, scrambled up sort of a village that lies on the south side of a seamy hill and aside from its general pretensions has about as much right to claim importance and standing as Jimtown on the Pike.

However its newspapers have strong and decided opinions about each other. For instance before us lies a copy of the Williamson Daily News which voices this for Williamson unusually mild opinion of a contemporary:

"Such slanders come with bad grace from a man who is well known to have an intimate acquaintance with and a very recent record in gambling rooms, drinking parties and bawdy houses of several different towns; and all this in the face of the fact that he is a professed Christian, and claims membership in one of our local Christian churches."

"This gambler, drunkard and whoremonger, liar and all-around hypocrite, is the man who criticizes the private character of the good citizens of this city. How can the people endure such things, is the question?"

It is about as certain as anything can be in this world that the career of the Prinz Eitel Friedrich as a sea raider is over. With half a dozen hostile warships hovering in a semi-circle outside the three mile limit waiting for her and others hurrying to join in the blockade it would be sheer folly for the Friedrich to venture out. And the bold German naval men are not fools.

The fact is, the Thaw case has become a bore to the American people and the proper solution would be to give the man his freedom if he would promise to take his wife and go away somewhere and never come back.

It has ever been the policy of this newspaper to be fair and honest in the presentation of the news of the day, and it is a matter of great pride and gratification to us to know that the members of the recent city probe committee, commented upon the thoroughness, completeness and fairness of the reports of the hearing, as presented to Times readers. You will find the news in The Times and you will find it presented fairly and intelligently.

At that we do not see why so valiant and conscientious an officer as Major Bonzo should be drawn into the teachers' institute controversy as was done by a card writer in the Morning Star. However, it is, in a way, only another compliment to the Major. It shows that his fame as an officer has extended over the county.

"What is real good?" I asked in musing mood.

Order, said the law court; Knowledge, said the school; Truth, said the wise man; Pleasure, said the fool; Love, said the maiden; Beauty, said the page; Freedom, said the dreamer; Home, said the sage; Fame, said the soldier; Equity, the seer.

Spoke my heart full sadly, "The answer is not here."

Then within my bosom softly this I heard, "Each heart holds the secret; Kindness is the word."

FOR LITTLE FOLK

THE ADVENTURES OF MINNIE MONKEY.

When Minnie Monkey ran away from school she didn't think of getting into trouble right away. But soon she found that what she thought would be great fun, was not.

Which mostly happens when you disobey.

The Organ-Grinder's children took Miss Minnie in the house. To them she was a very lucky find. Because their father's monkey had just died the day before. And so he couldn't go around to grind.

But when he saw Miss Minnie Monk he said at once: "Run quick And bring the little cap and coat to me; We'll dress her up and teach her how to turn a somersault And how to make a little bow," said he.

Poor Minnie was so frightened that she couldn't say a word. And so they put a cap upon her head. And next they put her in a thing she'd never seen before. A tiny little monkey-coat of red.

And when the Organ-Grinder said: "Now turn a somersault!" She didn't in the very least know how. And so he said: "I'll teach you if it takes all afternoon, To turn a somersault and make a bow."

And when she'd learned to do these things, the Organ-Grinder man

Said: "Now you'll have to take this little cap, And every time that anybody throws a coin at you, Just make a little bow and pick it up."

"And then tomorrow morning when we go on the street You'd better not forget the things I've said." By this time Minnie Monkey was so very, very tired That she was glad enough to go to bed.

And just because she was so tired she went right off to sleep, And didn't waken up till it was light. I won't have time to tell you now the things that happen next; I'll have to wait until tomorrow night.

MEAT INJURIOUS  
TO THE KIDNEYS

Take a tablespoonful of Salts if Back Hurts or Bladder bothers—Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative system clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe heartaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithine, and has been used for generations to flush and stimulate clogged kidneys to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

# CUTS HIS THROAT ON A SPEEDING C. & O. TRAIN

## Victim Thought To Be A. B. Denman

A man who is supposed to be Arthur B. Denman, and whose home is said to be in Ashland, Va., tragically ended his life while in the toilet room of a day coach of west-bound C. & O. fast flyer No. 6 just after the train passed Russell, Ky., Tuesday morning, by slashing his throat from ear to ear. Upon the arrival of the train at Greenup the body was removed to the office of Dr. A. S. Brady, and there, probably identification of the suicide was established by papers found on the dead man's person.

Papers showing that the dead man had deposited \$90 in the Hanover bank of Ashland, Va., under the name of Arthur B. Denman were found in an inside coat pocket of the dead man. Papers were also found showing that Denman had certificates of deposit amounting to \$2208.33 in banks in Ashland, Va., Pittsford, Mich., and Medina, Ohio.

**Mind Was Deranged?**

That the man was of unsound mind sometime ago and that upon his recovery he was given papers showing that his mind had returned to a sound state were found in the effects of Denman.

**May Have Been A Minister**

The opinion was expressed at Greenup by the committee that looked into the effects of the suicide that he might have been a minister as much religious matter was found in his pockets and a prayer that covered four pages and which was written by the dead man. A letter was also found, which had been addressed to his brother, George H. Denman. The letter was unstamped

and there was no address on it. From the tone of the letter Geo. H. Denman had been acting as guardian of Arthur B. Denman.

A committee composed of Dr. A. S. Brady, E. E. Fullerton and Bert Tlanet was named Tuesday morning to take charge of the body.

According to statements made by committee Tuesday letters were found in the effects of the dead man in which he complained of treatment he had received. Dr. A. S. Brady, who is leading the investigation stated Tuesday that he was almost certain that Denman was a minister or had been a minister. Ashland, Va., where the suicide is supposed to reside is on the C. & O. and is located just the side of Clifton Forge. Many citizens called at Dr. Brady's office in Greenup Tuesday morning to view the body.

Efforts are being made to locate relatives of the victim at Ashland, Va.

**Deadly Weapon Was Not Found**

The instrument of death was not found and it was thought that the man cut his throat with some dull instrument judging from the jagged appearance of his wounds.

He was a passenger from one of the Eastern divisions and was aboard the train when Conductor Mendel took charge at Huntington, W. Va.

The suicide is described as a blue-eyed, slender and smooth faced and baldheaded man 65 or 66 years of age, weighing 140 or 145 pounds, 5 ft. 9 or 9 1/2 inches tall, gray hair around lower part of the head and wearing a dark suit and frock coat. He also wore overhairs.

## DARING RAID MADE BY A BURGLAR GANG ON CHILlicothe ST.

Under a cover of darkness thieves operated in the heart of the business district of the city Sunday evening, when they gained admission to D. T. Hutton's offices in the Carr building on Chillicothe street and made a daring, but unsuccessful, attempt to enter Mr. Hutton's safe. They were evidently frightened away before they could carry out their designs as they left a hammer and three chisels on top of the safe and the lock and combination on the floor in front of the safe, where they had fallen after being eluded off.

The fact that thieves had entered Mr. Hutton's offices was not learned until Monday morning when Clark Winters, an employee, reported for work. He found the room in which the safe was located in a confused condition. A small drawer, which contained four gold rings, had been opened and the rings were missing. Mr. Hutton was at once notified and after making a hurried survey of the room as the burglars left it, he got in touch with Chief McCarty, and an effort was made Monday to work up a tangible clue, but it failed. It is not known how the office was entered, as the thieves left no trace of how they secured admission. Mr. Hutton is of the opinion they climbed up the fire escape in the rear and then raised a window, which was left unlocked. Mr. Hutton has two safes, the larger one in the rear office not being disturbed.

The safe, which the alleged safecrackers attempted to open, is located in the middle office and contains practically all of Mr. Hutton's most valuable papers, but very little money is kept in either safe, according to Mr. Hutton. In order to open the safe Mr. Hutton was forced to enlist the services of Edward Brunner, custodian of the First National bank and who is an all-round mechanic.

When efforts to open it without doing much damage to it failed, the big iron door was broken.

It will be recalled that three years ago thieves entered Mr. Hutton's offices and departed with much valuable plunder. The robbery was veiled in mystery and repeated efforts of the police to work up a clue failed.

Sunday night's incident is also surrounded by mystery, which Chief McCarty and several policemen are trying to unravel. Mr. Hutton is of the opinion that the work was that of amateurs and probably of a local origin.

"They must have been frightened away because they left all their tools near the spot where they vainly tried to open the safe," said Mr. Hutton Monday night.

It was reported that the intruders left with much jewelry owned by Mr. Hutton, but he denied this, stating that only four gold rings are missing.

## "Fired" Marshal Demands Reasons Of Mayor Davis

New Boston council met Monday evening with all members present and Mayor J. S. Davis in the chair.

The Standard Supply company was allowed \$1500 as a third estimate on their contract of \$16,481.00 for material for the village's water system. Balance due on the contract is \$2628.82. A balance of \$6736.82 is due Contractors Watkins and Phillips on contract of \$7886.82 as they were allowed their second estimate of \$800. Henson and Sheppard, contractors for hauling pipe, were allowed a second estimate of \$30, leaving a balance of \$36 due on their contract of \$216.

Sundry bills amounting to \$185.35 were allowed. A bill of \$19.16 from Cooper Bros. for provisions furnished a poor family was again referred to the Clay township trustees for payment. Mayor J. S. Davis said he appeared before the trustees with the bill and they said they would consider it if such articles as hay, lettuce seed and onion sets were not included as such articles are not necessary for a family depending on village or township help. Grover Cooper will also take up the bill with the trustees.

Clerk Thomas O'Neal was authorized to pay to the Portsmouth Banking company the following certificates of indebtedness: Sewer fund, \$1173; safely fund, \$410; health fund \$204; general fund, \$204.

Solicitor Skelton reported that he had talked to Alan Jordan relative to the purchase of seven strips of land by the village needed for the continuation of streets and alleys from the village property into the Peables addition. Jordan does not favor having his land cut up and his offer to Skelton was that the village sell bonds for \$3600 and buy the whole piece of property. Jordan also stated that he would purchase the bonds. His proposition was passed with a smile.

Attorney Skelton reported that the free apparatus ordinance was not ready as the money was not in the hands of the treasurer. When the bonds are turned over to the First National bank and the money is forthcoming the ordinance can be passed.

Charles Dixon, chairman of the street committee, reported that the lot required to widen Taft street would cost \$350 which price is asked by the owner, Mr. Rickay. No action was taken. He also reported all alleys required as ordered. Mr. Dixon said that Chas. Pollard has offered the bricks in the old foundation on his lot on East Rhodes free for hauling and that the bricks could be used to a good advantage as a fill in the alley west of Ohio avenue between Rhodes and Stanton avenues. The street committee will haul the bricks to make the fill.

An ordinance approving plans, specifications and estimates and appropriating money to pay the cost of laying a six foot sewer through the Peables addition from the intersection of Peables street and Stanton avenue and extending sixty feet East. The estimated cost is \$420. The sewer will form a flood defense for the lower end of the village.

William Fremont, deputy marshal, whom Mayor J. S. Davis ordered to turn in his badge and mace, asked council to ask the mayor to state his reasons for asking him to quit the job, saying that he thought he was not getting justice. Fremont said Mayor Davis gave him his reasons that he (Fremont) took a drink of beer while off duty and that he went into a restaurant to eat while on duty. Fremont thought the mayor's reasons which he stated were true, were not strong enough to cause him to quit and he asked council for a careful investigation of why he was "bald off" before another man is appointed. Solicitor Skelton explained the law and Mayor Davis will have to present in writing to council why Fremont was taken off the job. This will be done at the next meeting, council assuring Fremont they wanted to give him a fair trial.

Each member took a turn an enlightening Member L. Pich as to why Mrs. Thomas O'Neal, wife of the clerk, was drawing \$15 per month for clerical services. The work of the clerk has been extra heavy the past few months and Mr. O'Neal, before Pich became a member of council, was authorized to get help for which council agreed to pay \$15 per month.

The street committee was ordered to make temporary repairs to Gallia pike near the western corporation line where a mud-hole has been a source of complaint for some time.

The Village sinking fund trustees, Member Charles Dixon, chairman of the finance committee of council, Clerk O'Neal and Mayor J. S. Davis met after council adjourned and refused the purchase of the \$12,500 and \$20,300 street improvement bonds, the village's and taxpayers' share of the cost of the paying of the ten streets.

The sinking fund trustees of the board of education will meet Tuesday night and should they refuse to purchase the bonds they will be offered to the State Industrial Commission. It is mandatory for these three bodies to refuse the purchase of the bonds before they can be advertised for sale.

## BEGIN TO PLAN FOR LABOR DAY

As has been their custom for many years, the Central Labor Council plans to fittingly observe Labor Day, which will be celebrated on Monday, September 6.

The first step towards the 1915 celebration was taken last night at the meeting of Central Labor Council when a committee composed of Charles Turner, F. D. Landman, Henry Kuhn, A. A. Oakes and Henry Lardier was named to have full charge of the Labor Day celebration. The committee will get together shortly and map out the plans for the observance of the day set aside each year for the laboring hosts.

The council endorsed its resolution recently passed by the Federation of Labor of Cleveland empowering the president to stop the exportation of any kind of munition to foreign countries.

B. F. Lowery of the MacDonald Shirt company was present and addressed the meeting, which was well attended.

## Is The Groundhog A "Bum" Prophet?

Has the Ground Hog lost his reputation as a weather prophet, or did he fail to see his shadow on Ground Hog Day, February 2?

The proverbial six weeks were up today and there isn't any one who will dispute the statement that there were no traces of winter weather banded out the past six weeks. Truth, to tell is, that the weather was abnormally warm for February and March, and if the Ground Hog did see his shadow, he is losing out as a weather prognosticator, as the winter all the way through has admittedly been of the open, high temperature variety.

## PLAN FOR SOCIAL

Further arrangements for the big banquet and social which the lodge will hold within the near future were discussed at the weekly meeting of Royal Neat No. 1316, Order of Owls, Monday evening. The exact date will be made public as soon as word is received from John Talbot, supreme president of the order of South Bend Ind., who will be the guest of honor.

Announcement was made that the club rooms would be open every Monday evening at 6:30 o'clock for the convenience of the members who come before the meeting is called to order.

## Will Have A Big Crowd At Lecture

Mrs. Flint Kline, president of the Mothers' and Teachers' club of the lower Fourth street school building, has called a meeting of the members of the club for Thursday afternoon at 3:30 o'clock to make arrangements for the lecture of Mrs. Dora Sandoe Bachman on "Modern Conditions in Public Education" at the high school auditorium next Tuesday evening, March 23, at eight o'clock.

The campaign committee of the club held a meeting Monday evening and decided upon a number of matters in connection with the lecture. Invitations will be mailed out to every woman's club in the city, asking the members to attend, while the school teachers of the city will also be sent special invitations. Every possible effort will be made to insure a large audience for the speaker, who is recognized as one of the most versed women in educational affairs in the state. George D. Souther, president of the board of education, will introduce her to the audience.

Women will be selected at the meeting Thursday afternoon to serve as ushers at the lecture. The meeting will be held in the kindergarten room of the building.

## CLUB WILL VISIT

Several of the members of the Mothers' Club of the lower Fourth street school building will attend the meeting of the Mothers' Club of the Eleventh street building on next Friday afternoon. Some of them are slated to make a few remarks at the meeting.

## Smallpox Grips Rural Families

The development of twelve cases of smallpox since last Friday is giving the farmers in the vicinity of Monroe, Effort, Globe Switch and Firebrick, northeast of Hales Creek, some uneasiness.

Families who had children exposed to the disease at school are being vaccinated by the score. Dr. B. S. Stewart, of South Webster, who is treating all twelve cases, vaccinated over twenty Monday, and Dr. A. C. Stevens, of the same place, vaccinated an even twenty. The Hales Creek school and White Bear school are closed.

The first case developed in the home of Richard Crabtree. Six children of Mr. and Mrs. John Brown, of Globe Switch, are suffering with the disease and the home is quarantined. Clarence, four-year-old son of Mr. and Mrs. William Carter, of Globe Switch, was taken ill Sunday. Mr. and Mrs. Dickett Woodruff and daughter Nora, of Effort, also developed the disease Sunday. Clarence Carter, Mr. Woodruff and one of the Brown children are the three most serious cases. All twelve live within a radius of five miles.

## DECORATION DAY PLANS

The Ben Hur Marine Club held a meeting Monday night, at which considerable business of importance was transacted. An effort will be made to secure Millbrook park for Decoration Day, and a committee composed of Joseph Dimer, William Messner, Hoyt Panenka and Garland Lewis and Charles Miller was named to confer with the street railway company relative to securing the Casino. This club plans to put on a show in the Casino on Memorial Day.

## BIG WARSHIP LAUNCHED

(Continued from Page 1.)

2,322 tons of fuel oil! The Queen Elizabeth has a capacity of 4,000 tons of oil because of her high speed requirements.

From her enormous main battery the Pennsylvania will be able to hurl, with the pressure of a single firing lever, 7 1/2 tons of steel on either broadside. In addition she will carry a secondary battery of twenty-two 5-inch rifles for defense against torpedo boats. She will be fitted also with four submerged 21-inch torpedo tubes and her ship's company will be composed of 65 officers, 803 bluejackets and 74 marines. The ship measures 608 feet over all and 87 feet beam and her mean draft is 28 feet, 10 inches, almost the limit in size for the Panama Canal and present navy dry docks. There are only few docks in the world which can receive her and she could not enter many busy harbors except under most favorable conditions of tide and wind.

Will Have Cost The U. S. \$13,000,000 When Complete

When completed the Pennsylvania will have cost the government more than \$13,000,000. She will be ready for commission, under contract, by February 28, 1916. Her keel was laid October 27, 1913.

The enormous size of the new ship and the startling rapidity with which battleship construction had developed, even before the great war, is indicated by comparison of the Pennsylvania with the British battleship Dreadnought, first of the all-big-gun ships in any navy. The Dreadnought was estimated for in 1907. She was designed to displace 17,900 tons but actually is considerably larger. In the main battery are ten 12-inch guns with a broadside fire of six guns and her trial speed was 21.2 knots.

The Pennsylvania will be equipped with turbine engines as is the Oklahoma, the Queen Elizabeth and all of the newest English, German and Japanese battle craft. The Nevada will be operated by reciprocating engines while the California, of the 32,000 class will be driven by electricity. One of the other two American battleships of the California class will have turbine engines and the other reciprocating in line with the navy department's policy of not entirely abandoning the reciprocating type until a thoroughly satisfactory marine turbine is found. If the experiment on the California with electric drive, current to be generated by steam turbines running at high speed, is successful, the engine problem may be solved. It already has proved satisfactory in a navy tugger and the experiment with the California only needs to determine whether it is equally efficient in high power plants.

## Dirty Faced Man Did "Dirty" Work

A report reached police headquarters that some woman pedestrian had her pocketbook snatched by a short dirty-faced man wearing a light cap, at Gallia and John streets Monday night.

Some boy reported the robbery to the police, but had hung up the telephone receiver, before any particulars or names could be learned from him, and although officers made diligent inquiry in the immediate vicinity and all over town, they failed to find the slightest trace to the victim's identity. It was said that the pocketbook contained but 8 cents. The description of the purse snatcher is the same as the unknown who had similarly robbed several other women the past few months.

## May Install New Front In Building

Capt. James W. Smith, who has donated his services to the city as a committee to supervise the overhauling of the Tubercular headquarters on Gay street, has recommended that the building on Gay street be equipped with an entire new front. He also suggests a window or two at the west end of the second story room which it is expected to convert into a rest and lecture room.

The city board of control at its meeting Monday night decided to entrust the whole matter of improvements to Captain Smith's good judgment.

## Impersonator Made Hit At High School

Shirley London, in his entertainment, "Speaking Likenesses of Great Men," presented a program Monday evening in the high school auditorium out of the ordinary, and one which met the heartiest approval of a large audience.

With the aid of wigs and greasepaint, which he used in plain view of the audience, London "made up" and impersonated Victor Hugo, French poet and author; Bill Nye, of cherished memory; Edgar Allan Poe, American poet and story writer; Samuel Langhorne Clemens, whose pen name is Mark Twain, celebrated American humorist; and Henry Wadsworth Longfellow, one of America's foremost poets. His humor kept the audience with him. He completely lost his own personality, and so complete were the impersonations that the audience felt

that London has indeed vanished and the departed man of genius he impersonated was present.

The ninth and last number of the lecture course will be given on April 9th, with Albert E. Wigam as the lecturer.

**Installs New Lights**

Roy Dever, a farmer at Mum's Run pike, near New Boston, has been in having everything up-to-date, even if he is out in the country. Monday he set aside his oil lamps, or he completed the installation of an acetylene lighting plant of 225 batteries, which furnishes power for 15 large lights.

## FRATERNITY MEETING

Members of the I. C. S. Fraternity of the World held their regular meeting at the First National Bank building Monday evening. Alfred Stewart, a member of the high school faculty, was elected president of the organization and responded with an interesting talk on "The Ideals of the I. C. S. Fraternity." Arrangements were made to secure speakers of prominence at the next meeting.

The plan of engaging a suite of rooms for the use of the members as club rooms was also discussed at some length, but no definite action was taken.

**Horse Ran Off**

A horse belonging to Charles Seeley, a contracting plumber, broke away Monday afternoon running through an alley to Front street but was stopped before any damage resulted.

**Leaves On Trip**

E. K. S. Clinkenbeard, cutter for Hall Bros., left Tuesday on a business trip to Lexington, Md., Sterling and Winchester, Ky., in the interest of his firm.

**Fruit and Candy**

Miss Helen Lowe, superintendent of Hempstead hospital, and the nurses were presented with a basket of fruit and box of candy by Prof. and Mrs. D. P. Pratt, Monday.

## YOUNGSTERS CAUGHT

The police received a message from S. H. Kater, the town marshal of Picketon, late Monday night, informing them he had in custody two Portsmouth boys claiming to be Roy Hughes, of 916 Walnut street, and Charles Frayle, of Brewery Hollow. The boys, he said, claimed to be 14 years old, but do not appear to be more than 12 years of age. He said that the boys were caught in a barn, where they had been lighting matches. Their parents will be notified.

Roy Wendelken, Gallia street jeweler, and family, have moved from Third street to McConnell avenue.

## Masonic Meeting

All Vernon Chapter, No. 23, Royal Arch Masons, conferred the Mark Master's degree upon a class of five candidates Monday evening. The Past Master and Most Excellent degrees will be conferred one week from this evening upon the same class. Prior to the Chapter meeting, Solomon Council, No. 79, R. & S. M. held a brief business session. The directors of the Masonic Club also had a short business session late Monday evening, transacting routine business.

## OBITUARY

**Mrs. Fannie Collier-Ruggles**

Mrs. Fannie Collier-Ruggles, aged 67 years, peacefully passed away at the home of her youngest son, Ralph Ruggles, of No. 501 Glover street, Monday evening at 5 o'clock.

Death was due to paralysis with which Mrs. Ruggles had been suffering, she receiving her first stroke several years ago and a second stroke two weeks ago when she came to this city from her home in Vanceburg, Ky., for medical treatment.

Mrs. Ruggles was born at Sandy Springs, Adams county, Ohio, and was the widow of the late Secretaries Ruggles, one of the most prominent men of Lewis county, Ky., who died twenty years ago. She formerly lived in this city and always retained her membership in Bigelow Methodist church. A woman of lovable disposition and many noble qualities and liked and respected by all who knew her, Mrs. Ruggles' death has caused genuine sorrow among a wide circle of friends. She is survived by two sons, Ralph and Arthur Ruggles, of this city, and an only daughter, Mrs. Clara Street, of Newfoundland, B. C., who will be unable to attend the funeral. One brother, Thomas Collier, resides at Garrison, Ky. The remains will be taken to Vanceburg Wednesday morning and the funeral will take place from the Methodist church there, with burial in the Vanceburg cemetery.
